The Calling of Law Fiona Westwood, Karen Barton, 2016-04-01 As one of the learned professions requiring advanced learning and high principles law enjoys a special standing in society In return for its status and rank the legal profession is expected to exhibit the highest levels of honesty trust and morality the very values which underpin the legal system itself This in turn entrusts to legal education a particular problem of addressing not only the substantive elements of the body of law but a means through which the characteristics of the calling of law are imparted and instilled At a time when the very essence of the legal profession is under threat this book calls for a realignment of the legal curriculum and
