

MORAL AND HUMANISTIC APPROACH

- ▶ The nature of man is CENTRAL to literature. The reader or teacher or critic more or less “requires” that the piece present MAN AS ESSENTIALLY RATIONAL, that is endowed with intellect and free will; or that the piece does not misinterpret the true nature of man

to Humanism and Literature Michael Bryson, 2022-03-30 The Routledge Companion to Humanism and Literature provides readers with a comprehensive reassessment of the value of humanism in an intellectual landscape. Offering contributions by leading international scholars, this volume seeks to define literature as a core expressive form and an essential constitutive element of newly reformulated understandings of humanism. While the value of humanism has recently been dominated by anti-humanist and post-humanist perspectives which focused on the flaws and exclusions of previous definitions of humanism, this volume examines the human problems, dilemmas, fears, and aspirations expressed in literature as a fundamentally humanist art form and activity. Divided into three overarching categories, this companion will explore the histories, developments, debates, and contestations of humanism in literature and deliver fresh definitions of the new humanism for the humanities. This focus aims to transcend the boundaries of a world in which human life is all too often defined in terms of restrictions, political, economic, theological, intellectual, and lived in terms of obedience, conformity, isolation, and fear. The Routledge Companion to Humanism and Literature will provide invaluable support to humanities students and scholars alike seeking to navigate the relevance and resilience of humanism across world cultures and literatures. *A humanistic approach to teaching/learning through developmental discipline* J'Anne T. Ellsworth, 1987 *Victorian Fiction as a Bildungsroman* Petru Golban, 2019-09-30

Metaphorically speaking, the nineteenth-century English Bildungsroman dealing with the principle of identity formation parallels Victorian fiction as a whole, revealing the completion of its own formation which began in the eighteenth century. Significantly, the most important and popular Victorian novels are Bildungsromane in which authors construct or rather reconstruct their own life experiences as formative processes. This book shows that the Bildungsroman has a development history, is a specific literary system, and consists of a thematic and narrative pattern. It details the entrance of this newly established fictional tradition into Victorian culture and literature through Carlyle's threefold literary reception of the novel of formation and its subsequent flourishing and complexity. In this respect, a number of novelistic works are scrutinized, and each faces the question as to whether its thematic and narrative perspectives fit the pattern and shape of the Bildungsroman. **Black Literature and Humanism in Latin America** Richard L. Jackson, 2008-08-01

In *Black Literature and Humanism in Latin America*, Richard L. Jackson explores literary Americanism through writings of black Hispanic authors such as Carlos Guillermo Wilson, Quince Duncan, and Nelson Estupiñán Bass, that in many ways provide a microcosm for the larger literature. Jackson traces the roots of Afro-Hispanic literature from the early twentieth-century Afro-Criollo movement, the Harlem Renaissance of Latin America, to the fiction and criticism of black Latin Americans today. Black humanism arose from Afro-Hispanics' self-discovery of their own humanity and the realization that over the years they had become not only defenders of threatened cultures but also symbolic guardians of humanity. This humanist tradition had enabled writers such as Manuel Zapata Olivella to write of a Latin America from below the slave ship deck and from inside the mind of Africa. Though many writers have adopted black literary models in their quest for a poetry

of sources of fundamental human values Jackson demonstrates that literature about blacks by blacks themselves is clearly separate from yet instrumental to these other works Relating the vision of Latin American blacks not only to other Latin American writers but also to North American literary critics such as Eugene Goodheart and John Gardner Jackson stresses the universal power of resisting oppression and injustice through the language of humanism

Literary Theory Johannes Willem Bertens, 2001 Providing the ideal first step in understanding the often bewildering world of literary theory Literary Theory The Basics is an easy to follow and clearly presented introduction to this fascinating area Showing that theory can not only make sense but also radically change the way in which we read Literary Theory The Basics leads readers through the major approaches to literature that are signalled by the term literary theory places each critical movement in its historical and often political context illustrates theory in practice with examples from well known texts suggests further reading for those especially interested in a particular critical approach Covering all the basics and much more this is the perfect book for anyone interested in how we read and why that matters

Narrative, Authority, and Law Robin West, 1993 Challenges the moral basis for the authority of law

Responsibility in Law and Morality Peter Cane, 2002-04-17 Lawyers who write about responsibility tend to focus on criminal law at the expense of civil and public law while philosophers tend to treat responsibility as a moral concept and either ignore the law or consider legal responsibility to be a more or less distorted reflection of its moral counterpart This book aims to counteract both of these biases By adopting a comparative institutional approach to the relationship between law and morality it challenges the common view that morality stands to law as critical standard to conventional practice It shows how law and morality interact symbiotically and how careful study of legal concepts of responsibility can add significantly to our understanding of responsibility more generally Central to this project is a distinction between two paradigms of responsibility the criminal law paradigm and the civil law paradigm Whereas theoretical discussions of responsibility tend to focus on conduct and agency taking account of civil law reveals the importance of outcomes and the interests of victims and society to ideas of responsibility The book examines from a distinctively legal point of view central philosophical questions about responsibility such as its relationship with culpability challenging the common view that moral responsibility requires fault causation and personality It explores the relevance of sanctions and problems of proof and enforcement to ideas of responsibility as well as the relationship between responsibility and distributive justice and the role of concepts of responsibility in public law At the

heart of this book lie two questions what does it mean to say we are responsible and what are our responsibilities Its aim is not to answer these questions but to challenge some traditional approaches to answering them and more importantly to suggest fruitful alternative approaches that take law seriously Ubuntu Ethics Motsamai Molefe,2024-09-30 This book provides a philosophical exposition of Ubuntu ethics which it does by explaining the saying a person is a person through other persons Written by one of the world s leading scholars of African philosophy the book first argues that the focus on umuntu or a person in Ubuntu ethics as intrinsically valuable makes ethical humanism and human dignity vitally important The book then goes on to consider the role of virtue ethics in driving an ideal of moral perfectionism This in turn provides the basis for what a good society should be a needs based political theory Providing an important guide through Ubuntu ethics as a moral system constructed in terms of moral perfectionism it will be an important read for researchers of African philosophy and of the philosophy of virtue ethics and moral perfectionism more generally *Shakespearean Educations* Coppélia Kahn,Heather S. Nathans,Mimi Godfrey,2011-02-07 Shakespearean Educations examines how and why Shakespeare s works shaped the development of American education from the colonial period through the 1934 Chicago World s Fair taking the reader up to the years before the Servicemen s Readjustment Act of 1944 popularly known as the GI Bill coeducation and a nascent civil rights movement would alter the educational landscape yet again The essays in this collection query the nature of education the nature of citizenship in a democracy and the roles of literature elocution theater and performance in both Expanding the notion of education beyond the classroom to literary clubs private salons public lectures libraries primers and theatrical performance this collection challenges scholars to consider how different groups in our society have adopted Shakespeare as part of a specifically American education Shakespearean Educations maps the ways in which former slaves Puritan ministers university leaders and working class theatergoers used Shakespeare not only to educate themselves about literature and culture but also to educate others about their own experience Published by University of Delaware Press Distributed worldwide by Rutgers University Press **Literature of an Independent England** C. Westall,M. Gardiner,2013-07-09 Some of the most incisive writers on the subject rethink the relationship between Britain England and English literary culture It is premised on the importance of devolution the uncertainty of the British union the place of English Literature within the union and the need for England to become a self determining literary nation The Posthuman Condition in 21st Century Literature and Culture María Ferrández-Sanmiguel,Esther Muñoz-González,Carmen Laguarda-Bueno,2025-06-18 More than a decade after its first definitions critical posthumanism has become consolidated as a key discourse for the understanding of our contemporary state of being within what has been called the paradigm of posthumanity but also crucially as an ideology and a praxis that guides our engagements with the world around us This double dimension characterizes the contributions to this volume They resort to critical posthumanism in its most recent developments as a set of tools for critical and cultural analysis of our posthuman times as posthuman ist concerns manifest in

our cultural products This volume studies the most recent evolutions in the field of critical posthumanism as represented in key novels and other screened popular cultural products produced in the first and second decades of the twenty first century Resorting to the analytical tools provided by critical posthumanist theory in cross disciplinary dialogue with other fields such as transhumanism feminist gender and queer theory vulnerability studies new materialism critical animal studies and environmental theory the scholars whose work this volume showcases bear witness to how literature and popular culture have been influenced and impressed by posthumanism Chapters 1 5 7 8 and 12 are available open access under a Creative Commons Attribution 4 0 International License via Springerlink

Performative Histories, Foundational Fictions Anu Koivunen, 2003-09-17 Films are integral to national imagination Promotional publicity markets domestic films not only as entertaining exciting or moving but also as topical and relevant in different ways Reviewers assess new films with reference to other films and cultural products as well as social and political issues Through such interpretive framings by contemporaries and later generations popular cinema is embedded both in national imagination and endless intertextual and intermedial frameworks Moreover films themselves become signs to be cited and recycled as illustrations of cultural social and political history as well as national mentality In the age of television old films continue to live as history and memory In *Performative Histories Foundational Fictions* Anu Koivunen analyzes the historicity as well as the intertextuality and intermediality of film reception by focusing on a cycle of Finnish family melodrama and its key role in thinking about gender sexuality nation and history Close reading posters advertisements publicity stills trailers review journalism and critical commentary she demonstrates how *The Women of Niskavuori* 1938 and 1958 *Loviisa* 1946 *Heta Niskavuori* 1952 *Aarne Niskavuori* 1954 *Niskavuori Fights* 1957 and *Niskavuori* 1984 have operated as sites for imagining our agrarian past our Heimat and heritage as well as the strong Finnish woman or the weak man in crisis Based on extensive empirical research Koivunen argues that the Niskavuori films have mobilized readings in terms of history and memory feminist nationalism and men s movement left wing allegories and right wing morality as well as realism and melodrama Through processes of citation repetition and re cycling the films have acquired not only a heterogeneous and contradictory interpretive legacy but also an affective force

Atheism at the Agora James C Ford, 2023-08-11 This fresh comprehensive study of ancient Greek atheism aims to dismantle the current consensus that atheism was unthinkable in ancient Greece demonstrating instead that atheism was not only thinkable but inextricably embedded in the Greek religious environment Through careful analysis of a wide range of source material provided in modern English translation and drawing on philosophy theology sociology and other disciplines Ford unpicks a two and a half thousand year history of marginalisation clearing the way for a new analysis He lays out in clear terms the nature and form of ancient Greek atheism as the ancient Greeks conceived of it through a series of themes and lenses Topics such as religious socialisation the interaction of atheist philosophy and theology identity formation through alterity and the use of atheism in scapegoating are considered not only in broad terms using a synthesis of modern

scholarship to mark out an overview in line with modern consensus but also by drawing on the unique perspective of ancient atheism Ford is able to provide innovative theories about a range of subjects Atheism at the Agora is of interest to students and scholars in Classics particularly Greek religion and culture as well as those studying atheism in other historical and contemporary areas religious studies philosophy and theology
