Booklist ,1921 A.L.A. Booklist ,1921 **The Booklist** ,1921 *Tales of magic, tales in print* Willem De Blecourt, 2021-06-15 Since the beginning of the nineteenth century folklorists and the general public in their wake have assumed the orality of fairy tales Only lately have more and more specialists been arguing in favour of at least an interdependence between oral and printed distribution of stories This book takes an extreme position in that debate as far as

Tales of magic is concerned the initial transmission proceeded exclusively through prints From a historical perspective this is the only viable approach the opposite assumption of a vast unrecorded and thus inaccessible reservoir of oral stories presents a horror vacui Only in the course of the nineteenth century when folklorists started collecting in the field and asked their informants for fairy tales was this particular genre incorporated into a then feeble oral tradition Even then story tellers regularly reverted to printed texts Every recorded fairy tale can be shown to be dependent on previous publications or to be a new composition constructed on the basis of fragments of stories already in existence Tales of magic tales in print traces the textual history of a number of fairy tale clusters linking the findings of literary historians on the sixteenth to eighteenth centuries to the material collected by nineteenth and twentieth century field workers While it places fairy tales as a genre firmly in a European context it also follows particular stories in their dispersion over the rest of the world *Animals of Our Zoo* St. Louis Public Library,1919 *School Publication* Los Angeles City School District,1924 **Course of Study for the Third and Fourth Grades** Los Angeles City School District,1924 *Children's Catalog of Two Thousand Books* H.W.
