[More Letters of Charles Darwin](#) Charles Darwin, 2015-09-01 Excerpt from *More Letters of Charles Darwin Vol 1 of 2: A Record of His Work in a Series of Hitherto Unpublished Letters*. The *Life and Letters of Charles Darwin* was published in 1887. Since that date, through the kindness of various correspondents, additional letters have been received among them may be mentioned those written by Mr Darwin to Mr Belt, Lady Derby, Hugh Falconer, Mr Francis Galton, Huxley, Lyell, Mr John Morley, Max Muller, Owen, Lord Playfair, John Scott Thwaites, Sir William Turner, John Jenner Weir. But the material for our work consisted in chief part of a mass of letters which for want of space or for other reasons were not printed in the *Life and Letters*. We would draw particular attention to the correspondence with Sir Joseph Hooker. To him Mr Darwin wrote with complete freedom and this has given something of a personal charm to the most technical of his letters. There is also much correspondence hardly inferior in biographical

interest with Sir Charles Lyell Fritz Muller Mr Huxley and Mr Wallace From this unused material we have been able to compile an almost complete record of Mr Darwin s work in a series of letters now published for the first time We have however in a few instances repeated paragraphs or in one or two cases whole letters from the Life and Letters where such repetition seemed necessary for the sake of clearness or continuity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
