The Palace Complex Michal

Murawski,2019-03-22 An exploration of the history and significance of the Palace of Culture and Science in Warsaw Poland The Palace of Culture and Science is a massive Stalinist skyscraper that was gifted to Warsaw by the Soviet Union in 1955 Framing the Palace s visual symbolic and functional prominence in the everyday life of the Polish capital as a sort of obsession locals joke that their city suffers from a Palace of Culture complex Despite attempts to privatize it the Palace remains municipally owned and continues to play host to a variety of public institutions and services The Parade Square which surrounds the building has resisted attempts to convert it into a money making commercial center Author Michal Murawski traces the skyscraper s powerful impact on twenty first century Warsaw on its architectural and urban landscape on its political ideological and cultural lives and on the bodies and minds of its inhabitants The Palace Complex explores the many factors that allow Warsaw s Palace to endure as a still socialist building in a post socialist city The most brilliant book on a building in many years making a case for Warsaw s once loathed Palace of Culture and Science as the most enduring and successful legacy of Polish state socialism Owen Hatherley The New Statesman s Books of the Year list UK An ambitious anthropological biography of Poland s tallest and most infamous building the Palace of Culture and Science in Warsaw It is a truly fascinating story that challenges a tenacious stereotype and Murawski tells it brilliantly judiciously layering literatures from multiple disciplines his own ethnographic work and personal anecdotes Patryk Babiracki H Net History
