That Will Never Work Marc Randolph, 2019-09-17 In the tradition of Phil Knight's Shoe Dog comes the incredible untold story of how Netflix went from concept to company all revealed by co-founder and first CEO Marc Randolph Once upon a time brick and mortar video stores were king Late fees were ubiquitous video streaming unheard of and widespread DVD adoption seemed about as imminent as flying cars Indeed these were the widely accepted laws of the land in 1997 when Marc Randolph had an idea It was a simple thought leveraging the internet to rent movies and was just one of many more and far worse proposals like personalized baseball bats and a shampoo delivery service that Randolph would pitch to his business partner Reed Hastings on their commute to work each morning But Hastings was intrigued and the pair with Hastings as the primary investor and Randolph as the CEO founded a company Now with over 150 million subscribers Netflix's triumph feels inevitable but the twenty-first century's most disruptive start-up began with few believers and calamity at every turn From having to pitch his own mother on being an early investor to the motel conference room that served as a first office to server crashes on launch day to the now infamous meeting when Netflix brass pitched Blockbuster to acquire them Marc Randolph's transformational journey exemplifies how anyone with grit gut instincts and determination can change the world even with an idea that many think will never work What emerges though isn't just the inside story of one of the world's most iconic companies Full of counter-intuitive concepts and written in binge-worthy prose it answers some of our most fundamental questions about taking that leap of faith in business or in life How do you begin How do you weather disappointment and failure How do you deal with success What even is success From idea generation to team building to knowing when it's time to let go That Will Never Work is not only the ultimate follow your dreams parable but also one of the most dramatic and insightful entrepreneurial stories of our time
