Moral Issues In Global Perspective Vol 2:

Moral Issues in Global Perspective - Volume 2: Human Diversity and Equality - Second Edition Christine Koggel, 2006-03-27 Now available in three thematic volumes the second edition of Moral Issues in Global Perspective is a collection of the newest and best articles on current moral issues by moral and political theorists from around the globe Each volume seeks to challenge the standard approaches to morality and moral issues shaped by Western liberal theory and to extend the inquiry beyond the context of North America Covering a broad range of issues and arguments this collection includes critiques of traditional liberal accounts of rights justice and moral values while raising questions about the treatment of disadvantaged groups within and across societies affected by globalization Providing new perspectives on issues such as war and terrorism reproduction euthanasia censorship and the environment each volume of Moral Issues in Global Perspective incorporates work by race class feminist and disability theorists Human Diversity and Equality the second of the three volumes examines issues of equality and difference and the effects within and across borders of kinds of discrimination on the basis of race ethnicity gender disability class and sexual orientation Nine essays are new four of which were written especially for this volume Moral Issues in Global Perspective is available in three separate volumes Moral and Political Theory Human Diversity and Equality and Moral Issues

Moral Issues in Global Perspective - Volume 1: Moral and Political Theory - Second Edition Christine Koggel, 2006-03-02 Now available in three thematic volumes the second edition of Moral Issues in Global Perspective is a collection of the newest and best articles on current moral issues by moral and political theorists from around the globe Each volume seeks to challenge the standard approaches to morality and moral issues shaped by Western liberal theory and to extend the inquiry beyond the context of North America Covering a broad range of issues and arguments this collection includes critiques of traditional liberal accounts of rights justice and moral values while raising questions about the treatment of disadvantaged groups within and across societies affected by globalization Providing new perspectives on issues such as war and terrorism reproduction euthanasia censorship and the environment each volume of Moral Issues in Global Perspective incorporates work by race class feminist and disability theorists Moral and Political Theory the first of the three volumes surveys a number of traditional Western liberal approaches to moral theory human rights justice and democracy as well as contemporary critiques of these approaches With nineteen new essays three of which were written especially for this edition this volume covers the necessary theories for understanding moral issues in a global context Moral Issues in Global Perspective is available in three separate volumes Moral and Political Theory Human Diversity and Equality and Moral Issues

Moral Issues in Global Perspective Christine Koggel, 1999-06-24 Moral Issues in Global Perspective seeks to challenge standard approaches to morality and moral issues shaped by Western liberal theory and to extend the inquiry beyond the context of North America It includes critiques of traditional liberal accounts of rights justice and moral values that raise questions about the treatment of disadvantaged

groups within liberal societies as well as in other societies and across societies It covers a broader range of issues and arguments than most textbooks on practical ethics It incorporates work by race class feminist and disability theorists that provides new perspectives on issues such as reproduction euthanasia censorship and the environment The collection places moral issues in a global context by providing selections by moral and political theorists from many different parts of the world

Reinventing the Good Life Jeannette Pols ,2023-12-04 Ever since Adam Smith s musings on the invisible hand became more famous than his work on moral sentiments social theorists have paid less attention to everyday ethics and aesthetics Smith s metaphor of the invisible hand posits that social outcomes emerge by dint of the behaviours of individuals rather than their intentions or virtues Modernist and scientific approaches to determining the common good or good forms of governance have increasingly relied on techniques of generalisation and rationalisation This shift has meant that we no longer comprehend why and how people display a deep concern for everyday life values in their social practices People continue to enact these values and live by them while academics lack the vocabulary and methods to grasp them By reconstructing the history of ideas about everyday life values and by analysing the role of such values in contemporary care practices for patients with chronic disease in the Netherlands *Reinventing the Good Life* explores new ways to study the values of everyday life particularly in situations where the achievement of a clear cut or uniform good is unlikely The book presents a practice based epistemology and methodology for studying everyday care practices and supporting their goodness This analytical approach ultimately aims to generate ideas that will allow us to relate in more

The Philosophical Review Jacob Gould Schurman,James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham,1911 An international journal of general philosophy

Ethical Issues: Perspectives for Canadians - Fourth Edition Eldon Soifer,Doug Al-Maini,Ann Levey,Angus Taylor,2020-05-05 *Ethical Issues Perspectives for Canadians* is a collection of readings designed to introduce students to a number of important topics including our obligations toward the environment the treatment of non human animals abortion assisted reproduction end of life decision making freedom of expression war multiculturalism and more Readings have been carefully selected to represent a broad array of perspectives and arguments Relevant legislation court cases and other non philosophical works complement the writings of professional philosophers to provide students with multiple approaches to the issues Brief introductions and discussion questions are provided for each reading and a general introduction to the basic ethical theories is included

Hypatia ,2008 *The Philosopher's Index* ,2008 Vols for 1969 include a section of abstracts

World Christian Trends Ad30-ad2200 (hb) ,2001 **Power and Principle in International Affairs** Gordon Clark Schloming,1991 **The Villager** ,1918 **Reasonable Children** Michael S. Pritchard,1996 The public outcry for a return to moral education in our schools has raised more dust than it s dispelled Building upon his provocative ideas in *On Becoming Responsible* Michael Pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness Pritchard contends that children have a

definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills Reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community In such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves Advocating approaches to moral education that avoid mindless indoctrination and timid relativism Pritchard neither preaches nor hides behind abstractions He makes liberal use of actual classroom dialogues to illustrate children's remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility He also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state Pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers The result is a rich and insightful work that provides real hope for the future of our children and their moral education

Ethical Perspectives and Critical Issues in Intercultural Communication Nobleza C. Asuncion-Landé, 1978

Contemporary Moral Issues Lawrence M. Hinman, 2000 Contains chapter on abortion cloning euthanasia the death penalty and capital punishment race and discrimination gender issues sexual orientation poverty and welfare world hunger and environmental issues

Global Norms in the Twenty-first Century Klaus-Gerd Giesen, Kees van der Pijl, 2006 Norms in the contemporary world system are no longer established exclusively through inter-state agreement but increasingly are becoming truly global This is made possible by the rapid privatisation of law and the self-regulation of the transnational private sector Other forces driving this epochal transformation are the overwhelming pre-eminence of the United States the erosion of the role of the United Nations and the appearance of new actors such as subnational entities and NGOs They all contribute to the creation and ideological justification of new norms This collection brings together critical studies on this complex process Written by authors from eleven different countries both established scholars and young specialists the book challenges the often convenient rationalisations of regime theory the governance approach and post-national or cosmopolitan democracy in order to explore the practical theoretical and ethical implications of the new world of global norms
