Palumbo, 2019-08-20 Countless studies have proven that over 90 percent of Trump related news coverage is negative and the
percentage of journalists that identify as Republicans are in the single digits When liberals are running the show you can bet
that their narrative has gone unchallenged If you tell a lie long enough people will begin to believe it and that s certainly the
case with so many liberal myths that have become accepted as conventional wisdom In this book you ll learn among many
other facts What happened to non gun mass killings when Australia enacted strict gun control The truth about Scandinavian
socialism How Obama twisted the numbers to appear tough on immigration Why Mexico has stricter immigration laws than
the US How Bill Clinton faked the Clinton surplus That the US doesn t have the majority of the world s mass shootings Why
statistics claiming that illegal aliens commit fewer crimes than the general public are bogus The countless lies the media
simply made up about the Trump administration If you re in need of ammunition to shoot down liberal lies this is the book for
