Pentecostalism And Development Pentecostalism And Development:

Pentecostalism and Development D. Freeman, 2012-09-03 Development was founded on the belief that religion was not important to development processes The contributors call this assumption into question and explore the practical impacts of religion by looking at the developmental consequences of Pentecostal Christianity in Africa and by contrasting Pentecostal and secular models of change

Nigerian Pentecostalism and Development Richard Burgess, 2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region

Nigerian Pentecostalism and Christian Social Responsibility Babatunde Aderemi Adedibu, Benson Ohion Igboin, Rotimi Alabi Oti, Isaac Deji Ayeboyin, 2021-06-23 This book takes a swipe on Nigerian Pentecostalism but argues that in spite of the avalanche of criticisms there are positive contributions which can be veritable data for further interrogation of the claims of Nigerian Pentecostalism on development Many scholars have criticised rather profusely the Pentecostal movement for its ostentatious lifestyle as the only valid criterion to evaluate its developmental stride While this is legitimate it however does not tell the whole story The book argues that Nigerian Pentecostalism has long realised the need to not only concentrate on the spiritual aspect of its mandate but also on the development of the whole society in ways that all could benefit irrespective of religious social or ethnic affiliation From economic sports education

banking to health many Nigerian Pentecostal churches have adopted interventionist approach that combines pneumatic and secular strategies in what they refer to as Christian Social Responsibility thus filling developmental gaps created by a thoroughly corrupt government In this book African scholars have gathered to dissect Nigerian Pentecostalism and perform a diagnosis of the ills that weigh it down No wonder the book answers some of the most pertinent questions on Pentecostalism in Africa It shows that Pentecostal Christianity is fast becoming of age in Nigeria The long desired self critique that shapes the argument of this book itself feels like a Pentecostal miracle Dr Harvey Kwiyani Liverpool Hope University Liverpool The book is a welcome and very timely Nigerian contribution on topics that need to be on the African and global theological agenda What I liked about it is the fact that it is an honest and critical analysis of the inherent identity of Nigerian Pentecostalism in relation to the plight of poverty and many other challenges that question the depth and influence of Christianity in the African continent in general but in Nigeria in particular The bo

Pentecostalism and Politics in Africa Adeshina Afolayan, Olajumoke Yacob-Haliso, Toyin Falola, 2018-06-29 As the epicenter of Christianity has shifted towards Africa in recent decades Pentecostalism has emerged as a particularly vibrant presence on the continent This collection of essays offers a groundbreaking study of the complex links between politics and African Pentecostalism Situated at the intersection between the political the postcolonial and global neoliberal capitalism contributors examine the roots of the Pentecostal movement s extraordinary growth how Pentecostalism intervenes in key social and political issues such as citizenship party politics development challenges and identity and conversely how politics in Africa modulate the Pentecostal movement Pentecostalism and Politics in Africa offers a wide ranging picture of a central dimension of postcolonial African life opening up new directions for future research

African Initiated Christianity and the Decolonisation of Development Philipp Öhlmann, Wilhelm Gräb, Marie-Luise Frost, 2020-01-07 This book investigates the substantial and growing contribution which African Independent and Pentecostal Churches are making to sustainable development in all its manifold forms Moreover this volume seeks to elucidate how these churches reshape the very notion of sustainable development and contribute to the decolonisation of development Fostering both overarching and comparative perspectives the book includes chapters on West Africa Nigeria Ghana and Burkina Faso and Southern Africa Zimbabwe and South Africa It aims to open up a subfield focused on African Initiated Christianity within the religion and development discourse substantially broadening the scope of the existing literature Written predominantly by scholars from the African continent the chapters in this volume illuminate potentials and perspectives of African Initiated Christianity combining theoretical contributions essays by renowned church leaders and case studies focusing on particular churches or regional contexts While the contributions in this book focus on the African continent the notion of development underlying the concept of the volume is deliberately wide and multidimensional covering economic social ecological political and cultural dimensions Therefore the book will be useful for the community of scholars interested in religion and development as well as researchers within African studies

Neo-Pentecostalism Nelson Kalombo Ngoy, 2019-05-23 For centuries Pentecostalism has played a significant role in oppressively shaping the life of formerly colonized people of Africa Moreover its theologies have perpetuated neocolonial policies developed through the lens of colonial legacies rooted in la mission civilizatrice mission to civilize However since the 1980s Neo Pentecostalism is increasingly reshaping the Congolese Christendom It sanctions the theologies of a prosperity gospel rooted in an uncritical reading of the Bible and self theologizing informed by a lack of literal contextual translation effects This book argues that the prosperity gospel bankrupts its adherents in this case the vulnerable impoverished sections of Sub Saharan Africa and particularly the Postcolonial Congo and instead offers a balanced theological reflection that broadens Neo Pentecostal studies with an African voice encouraging the rewriting and rereading of the story of redemptive mission The research engages a paradigm shift within global missions and world Christianity or the history of missions as the platform to negotiate literal prophetic and contextual translation and retransmission of the biblical gospel It is critical to reclaim and reestablish a hermeneutic of mixed methodologies and construct a contextual and critical interpretation of the Bible in the Congo To avoid the African assumption of cultural baggage which affects how the Congolese interpret the Bible the interpreter has to be neutral and experience the voice of Christ in the text instead of the voice of Congolese culture they must be a prophetic voice to reconstruct the authentic meaning of the salvific story *Faith on the Move* Stephen P. Rule, 2008 The Birth and Early Development of Pentecostalism in North America Roger Cook, 1999 Revising Pentecostal History Rakel Ystebo Alegre, Torbjorn Aronson, David M. Gustafson, 2024-11-12 Modern Pentecostalism in America began around the turn of the twentieth century and most historians of this history have drawn from the available English language sources Very few historians of American Pentecostalism knew of source materials in the Scandinavian languages of Norwegian and Swedish This present volume argues that American Pentecostal history cannot be understood apart from both the texts and the people who participated in and contributed to the Pentecostal movement in America including first generation immigrants from Scandinavia and second generation Scandinavian Americans Revising Pentecostal History describes ways in which Scandinavian Americans have contributed to and played a role in the development of the Pentecostal movement The volume presents crucial findings from rarely if ever used sources that inform how American Pentecostalism is understood These findings prompt a revising of Pentecostal history **The Role of Pentecostalism in Human Development** Monday Adah Ogbe, 2019 **Matarenda/Talents in Zimbabwean Pentecostalism** , 2021-03-15 In Matarenda Talents in Zimbabwean Pentecostalism the fourteen contributors to this multidisciplinary collection reflect on how Pentecostalism contributes to the empowerment of marginalised societies how it empowers women in particular through the matarenda talents principles and how it contributes to the development of wider society All but three of the authors are

Zimbabwean Pentecostals The book deals with such subjects as gender equality economics and finance poverty alleviation and sustainable development education and entrepreneurship A remarkable independent Zimbabwean church has harnessed biblical principles from the Parable of the Talents to empower women and those marginalised by economic disasters It is particularly relevant for understanding the potential of African Pentecostalism in dealing with social and economic challenges The Everlasting Gospel D William Faupel,2019-05-21 How did Pentecostalism become the fastest growing movement within Christendom in the twentieth century Faupel contends that Pentecostalism was propelled onto the world stage when early adherents felt commissioned by God to announce that Christ would soon return to establish his kingdom on earth The gift of tongues would equip them supernaturally to proclaim this message to the nations in the language of the people Although this expectation was soon disproved the eschatological hope nevertheless remained the motivating force for Pentecostalism s rapid growth This book has been prescribed reading on the Pentecostal hope for many years This edition makes it available once again to a worldwide readership *European Pentecostalism* Paul Schmidgall,2013-07-01 In many ways the story of the Pentecostal movement in Europe reads like the biblical book of Acts Just as the early disciples were led by the Holy Spirit to carry the message of the Gospel from Jerusalem to the ends of the earth so also the 20th century Pentecostals were compelled by the Spirit to leave their homelands and share the Full Gospel with all of Europe After his introduction to the early beginning and expansion of the Pentecostal movement Paul Schmidgall tells the story of Pentecostalism in Europe Moving country by country through Europe he describes the theological soil from which the roots of Pentecost emerged he recounts the lives and ministries of Pentecostal founders and leaders and he unfolds the social political and theological trends that influenced Pentecostalism s development Schmidgall s narrative reveals a variety of theological emphases and ecclesiastical commitments that persist in Pentecostalism throughout Europe The story concludes with Schmidgall s vision of the future of Pentecostalism in Europe in which he affirms the value of Pentecostal theology and practice for postmodern humanity Extensive bibliographies and up to date statistics add to the value of this work as an introduction to Pentecostalism in Europe **Aspects of Pentecostal Theology** Marius Nel,2015 At the current rate of growth some researchers predict there will be one billion Pentecostals by 2025 with most of them located in Asia Africa and Latin America In this volume professor Marius Nel speaks his mind from an African perspective on what is distinctive about Pentecostal Theology in contradistinction to other theological paradigms What makes a Pentecostal spirituality and hermeneutic different Africa has much to contribute to the discussion of Pentecostal Theology and this voice of Nel will not only stimulate this discussion but will co determine the progress and outcome Marius Nel is Professor of New Testament at North West University in Potchefstroom South Africa Series Theology in Africa Subject African Studies Religious Studies Pentecostal Theology An Introduction to Pentecostalism Allan Anderson,2004-05-13 Global Pentecostalism and Charismatic Christianity in all its diversity is the fastest expanding religious movement in the world today Allan Anderson a

former Pentecostal minister and a leading authority on global Pentecostalism aims to make more visible the non western nature of Pentecostalism without overlooking the importance of the movement emanating from North America Offering an innovative interpretation of Pentecostalism he takes seriously the contributions of the Majority World to its development and concentrating on its history and theology reflects on the movement s development and significance throughout the world Anderson also examines those theological issues that helped form a distinctive spirituality and how this relates to different peoples and their cultures Finally Anderson discusses the development of Pentecostal and Charismatic Christianity in the different countries from its origins at the beginning of the twentieth century to its theological emphases in the present together with the impact of the processes of globalization *Pentecostalism* Joshua O Olawale,2021-09-15 To examine how the Pentecostal movements came to being their origins how the movement is progressing Pentecostal Pacifism Jay Beaman,2009-11-01 At a time when the Evangelical wing of the church is beginning to show some signs of soul searching over the issues of war and peace the Pentecostals would do well to study their own heritage Whether they accept or reject their earlier world view they need to interpret the motivation for their original beliefs and those which they now hold As people of the word of God have Pentecostals altered their pacifistic views as a result of new biblical insights or cultural accommodation From the Introduction *Perspectives on Pentecostalism* Stephen D.
