People In The News Matt Damon:

Matt Damon Adam Woog, 2012 Matt Damon dropped out of Harvard University at 18 years old and left for Los Angeles for an acting gig that was supposed to make him famous **Critical Media Studies** Brian L. Ott, Robert L.

Mack, 2009-08-24 Critical Media Studies is a state of the art introduction to media studies that demonstrates how to think critically about the power and influence of the media Provides extensive case study material including exercises and media labs in each chapter to encourage student participation Draws on examples from print broadcast and new media including advertising music film television video games and the internet Accompanied by a website with supplementary material additional case studies test banks PowerPoint slides and a guide for professors Debunking Howard Zinn Mary Grabar, 2019-08-20 Howard Zinn's A People's History of the United States has sold more than 2.5 million copies It is pushed by Hollywood celebrities defended by university professors who know better and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression slavery and exploitation Zinn's history is popular but it is also massively wrong Scholar Mary Grabar exposes just how wrong in her stunning new book Debunking Howard Zinn which demolishes Zinn's Marxist talking points that now dominate American education In Debunking Howard Zinn you'll learn contra Zinn How Columbus was not a genocidal maniac and was in fact a defender of Indians Why the American Indians were not feminist communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty not white males' ill-gotten wealth Why Americans of the Greatest Generation were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn's bag of dishonest rhetorical tricks his slavish reliance on partisan history explicit rejection of historical balance and selective quotation of sources to make them say the exact opposite of what their authors intended If you care about America's past and our future you need this book

Matt Damon Christina M. Girod, 2001 Biographical sketch of film star Matt Damon including highlights of those roles for which he is most famous as well as discussion of his personal struggles both on and off the screen Against Meritocracy Jo Littler, 2017-08-16 Meritocracy today involves the idea that whatever your social position at birth society ought to offer enough opportunity and mobility for talent to combine with effort in order to rise to the top This idea is one of the most prevalent social and cultural tropes of our time as palpable in the speeches of politicians as in popular culture In this book Jo Littler argues that meritocracy is the key cultural means of legitimation for contemporary neoliberal culture and that whilst it promises opportunity it in fact creates new forms of social division Against Meritocracy is split into two parts Part I explores the genealogies of meritocracy within social theory political discourse and working cultures It traces the dramatic U-turn in meritocracy's meaning from socialist slur to a contemporary ideal of how a society should be organised Part II uses a series of case studies to analyse the cultural pull of popular parables of progress from reality TV to the super rich and celebrity

CEOs from social media controversies to the rise of the mumpreneur Paying special attention to the role of gender race and class this book provides new conceptualisations of the meaning of meritocracy in contemporary culture and society The Unilateral Presidency and the News Media Mark Major,2014-07-17 Media coverage of presidential actions can not only serve journalistic purposes but can also act as a check against unilateral decision making The book seeks to uncover how the news media has worked to curtail overreaching power within the executive branch demonstrating how the fourth estate keeps presidential overreach at bay **The Value Gap** Courtney Brannon Donoghue,2023-08-08 How female directors producers and writers navigate the challenges and barriers facing female driven projects at each stage of filmmaking in contemporary Hollywood Conversations about gender equity in the workplace accelerated in the 2010s with debates inside Hollywood specifically pointing to broader systemic problems of employment disparities and exploitative labor practices Compounded by the devastating MeToo revelations these problems led to a wide scale call for change The Value Gap traces female driven filmmaking across development financing production film festivals marketing and distribution examining the realities facing women working in the industry during this transformative moment Drawing from five years of extensive interviews with female producers writers and directors at different stages of their careers Courtney Brannon Donoghue examines how Hollywood business cultures value female driven projects as risky or not bankable Industry claims that movies targeting female audiences don t make money or women can t direct big budget blockbusters have long circulated to rationalize systemic gender inequities and have served to normalize studios prioritizing the white male driven status quo Through a critical media industry studies lens The Value Gap challenges this pervasive logic with firsthand accounts of women actively navigating the male dominated and conglomerate owned industrial landscape **Hollywood and China in the Post-postclassical Era** Lara Herring,2024-03-18 This book examines the contemporary relationship between Hollywood and China as case studies that help to define a new era in Hollywood film industry style and economics which is termed the post postclassical period Centred around a case study of Legendary Entertainment the analysis shows how the studio adopted and adapted its global strategies in order to gain access to and favour within the Chinese film market and how issues of censorship and financial performance affected the choices they made Demonstrating Legendary s identity as a post postclassical studio and examining how this plays into its China strategy this book explores how this particular case and the necessary analysis of wider political economic relations offer a periodisation of the contemporary Hollywood China relationship This book will interest students and scholars of media and film studies as well as academics whose research interests include global cinema Hollywood Chinese cinema transnational cinema and film industry studies *Business With Purpose: Advancing Social Enterprise* Melodena Stephens Balakrishnan,2020-02-26 A Social Enterprise Venture SEV is defined as an organization initiative or startup that has a strong social innovation characteristic focusing on a scalable and sustainable social wealth creation or sustainable living at the individual or community level Most books that deal with SEVs

unfortunately still focus on non profits Current market trends indicate non profits need more sustainable funding mechanisms for survival This book focuses on the growing need to build a business with purpose With the growing role of the private sector in the development arena as highlighted by the UN Sustainable Development Goals all firms need to relook entrepreneurship from a business with purpose lens The fact that venture capitalists private equity firms are acquiring social ventures like Bain Capital and TOMS or that SEVs are being divested L Oreal and Body Shop reinforces the need to understand which business models work One of the biggest barriers for growth of SEVs is scalability and internationalization This book fills the present gap between research and practice and the non profits and for profit worlds *Rethinking America's Past* Robert Cohen, Sonia E.
