Rock Music, Authority and Western Culture, 1964-1980 James A. Cosby, 2024-02-07 The history of rock and roll music can be seen in a long arc of Western civilization's struggle for both greater individual expression and societal stability In the 1960s the West's relationship with authority ruptured in part due to the rock revolution The lessons and implications of this era have yet to be fully grasped This book examines the key artists music and events of the classic rock era defined here as 1964 to 1980 through a virtual psychoanalysis of the West Over these years important truths unfold in the stories of British Invaders

hippies proto punks and more as well as topics to include drugs primal scream therapy the occult spirituality and disco and its detractors to name just a few Through a narrative that is equal parts entertaining scholarly and even spiritual readers will gain a greater appreciation for rock music better understand the confusing world we live in today and see how greater individuality and social stability may be better reconciled moving forward Haunted World War II Matthew L.

Swayne,2018-10-08 ON HALLOWED AND HAUNTED GROUND Discover the paranormal legacy of the Second World War In this book you will encounter dozens of phenomena in the European and Pacific theaters as well as historic locations in the US where the spirits of the dead are unable or unwilling to let the past go The ghost of an admiral gives a tour of the USS Lexington Tourists at Dieppe are haunted by the terrifying sounds of battle A full body apparition appears at Schofield Barracks Ghost tanks are witnessed patrolling the Russian front Phantom footsteps shock the guards at Hickam Air Force Base Ghostly soldiers knock on doors at Iwo Jima A spirit sailor keeps eternal watch at Pearl Harbor This book also shares fascinating stories of supernatural warfare Learn about wizards and witches in England casting spells to hold the Germans at bay Dion Fortune and the Fraternity of the Inner Light working magic in support of the Allies and Aleister Crowley waging a psychic campaign to capture high ranking Nazi Rudolf Hess Haunted World War II explores the high strangeness and haunted aftermath of the most devastating clash of nations in living history *The Vice of Kings* Jasun Horsley,2019 In today's post truth world we are becoming inundated with fantasy fictions alternate news and grossly oversimplified and wildly exaggerated conspiracy theories that identify cryptocratic power structures ruling our fates But suppose the truth is both stranger than any fiction and more nuanced and disturbing than any theory Suppose it is not conspiracy but complicity that creates our world Beginning as an investigation into the author's childhood inside a closet aristocracy of progressive British entrepreneurs *Vice of Kings* uncovers a history both disturbingly personal and shockingly universal By juxtaposing disc jockey Jimmy Savile's secret cultural criminal and political affiliations in the second half of the 20th century with the life and teachings of Aleister Crowley in the first it uncovers an alarming body of evidence that ritual child abuse is not only the dark side of occultism but the shadowy secret at the heart of culture both ancient and modern In the process *Vice of Kings* reveals an invisible culture behind the one we know a secret hierarchy that impacts our lives in ways both subtle and profound from birth until death It is a cryptocratic superculture that operates via traumagenesis intentionally traumatic child rearing practices secret initiation recruitment rituals abusive social structures and collective cultural inception via mass media and the arts By shaping our world implicitly from the inside out it makes us complicit with it like the sleeping subjects of hidden monarchs *Bruce Dickinson: Insights* Brigitte Schön,2015-11-28 Bruce Dickinson best known as the lead vocalist of Iron Maiden seems to have unbounded energy ideas and imagination He mesmerises thousands of fans with his integrity vitality and wit Wouldn't it be great to know what makes him tick Those who know Bruce Dickinson know this man doesn't do things by halves Thus he was voted a living example of a polymath by *Intelligent Life* magazine in 2009 Bruce has been

recognised as a singer a TV presenter a record producer a pilot and a fencer Therefore it should be no surprise that his lyrics also stand out His subject matters are challenging he reflects on life and death freedom and destiny man and God sex and religion Asked about the complexity of his lyrics Bruce said in an interview I ask myself does it rock And if it does who gives a s t what s it s about All information s there if people choose to dig for it The treasures you can find are absolutely worth the digging Bruce also added And if they don t then it doesn t matter so long as they enjoy it Bruce Dickinson is an undisputed master of heavy metal his voice and music are a natural force The subjects are extremely interesting and Bruce succeeds in artfully getting to the heart of them This is why this book is dedicated to Bruce as a songwriter as a poet of lyrics some of which represent little masterpieces even without music They point beyond themselves by means of powerful imagery Their ambiguity holds some surprises The best way to get to know the real Bruce Dickinson probably is to have a beer with him But he admitted that through his lyrics you can certainly maybe get an idea of what is going sic on with myself and that s why all fans of Bruce and Iron Maiden should read this book
