Performing The Word Preaching As Theatre:

Performing the Word Jana Childers, 1998 Whether they like it or not actors and preachers have a great deal in common Many churchgoers see the truth in the old saying that links preachers and frustrated actors though few preachers seem anxious to acknowledge the family resemblance *Performing the Word* destigmatizes the performance based approach to preaching and shows how the experience skills and *modi operandi* of actors and performance artists may be applied to preaching This volume is ideal for seminary students and preachers who wish to enrich their delivery and creativity skills

Performance in Preaching (Engaging Worship) Jana Childers, Clayton J. Schmit, 2008-11-01 This volume which launches the Engaging Worship series from Fuller Theological Seminary's Brehm Center for Worship Theology and the Arts offers a unique study of sermon delivery While many books offer advice on how to prepare write and preach a sermon this volume is distinctive in approaching the subject from the perspective of performance The authors who teach at a variety of seminaries and divinity schools across the nation examine how the sermon can bring God's word to life for the congregation In that sense they consider the idea of performance from a wide range of theological artistic and musical viewpoints These thoughtful essays will engage clergy and students with new ways of looking at the art of preaching

Graceful Speech Lucy Lind Hogan, 2006-01-01 In this introductory text Lucy Lind Hogan helps the reader understand the theological task of becoming a preacher the craft of writing the sermon and the importance of communicating the gospel in the present world In doing so she creates a book that is more holistic than any other homiletics text currently on the market Hogan begins with a theological rationale for preaching which serves as a basis for understanding the identity of the preacher She then explores the context for preaching showing how to interpret a scriptural text design a sermon and use illustrations and examples She also discusses preaching for special occasions the use of different technologies in preaching and the importance of delivery This book includes questions for reflection

Groans of the Spirit Timothy Matthew Slemmons, 2010-09-10 *Groans of the Spirit* constitutes a rousing challenge to mainline churches and their practice of preaching In this inventive work Timothy Slemmons calls preachers beyond the formalism of the New Homiletic and beyond the ethical proposals that have arisen in the frustrated struggle to transcend it and toward what the author calls a penitential reformed homiletic This new homiletical proposal is distinctive in that it faithfully adheres to the Christological content of preaching finds its inspiration in the promise of the real presence of Christ and trusts in the ministry of the Holy Spirit from whom alone the power for the renewal of the mainline church shall come This book includes a thorough reconsideration of the infinite qualitative difference between God and humanity in Barth's thought an important critique of Gadamer's reception of Kierkegaard's concept of contemporaneity an undelivered lecture on the content of preaching and two sermons that illustrate Slemmons's important proposals *Groans of the Spirit* is a long considered calculated and overdue break with conventional hermeneutics that proposes a vital homiletical pneumatology which draws the art of the sermon out of the ghetto of mere rhetoric and presents

it as it truly is as theological reflection of the first order the church's primary language of faith *Kiwimade Narrative Sermons* Myk Habets, 2015-01-29 This collection of over forty narrative sermons illustrates the science and art of taking a text of Scripture almost any text and crafting it into a narrative that effectively and affectively communicates the content of Holy Scripture in ways that impact the congregation Spanning the canon of Holy Scripture the present volume represents a snapshot of current preaching by Baptist women and men from Aotearoa New Zealand in an attempt to teach by illustration what narrative sermons may look like and to model the potential they have to communicate God's Word written Originally preached to a diverse range of congregations each sermon has been re-written for publication and illustrates biblical fidelity imaginative creativity and contextual sensitivity *Kiwimade Narrative Sermons* is a key resource text for classes on homiletics a refresher course for seasoned ministers of the Word and a devotional aid in its own right **Preaching Paul** Dr. Brad R. Braxton, 2010-08-01 Helpful and insightful strategies for preaching from the writings of Paul Few biblical figures are more compelling to preachers than the apostle Paul The story of his dramatic conversion on the road to Damascus is a favorite example of the way that God turns lives around His writings contain the earliest witness we have to the Christian gospel His message of God's offer of grace in the life death and resurrection of Jesus Christ is deeply appealing So why is it that when it comes time to choose a text for this Sunday's sermon preachers so often choose something other than Paul When Brad Braxton asked himself that question he realized that preachers are often daunted by the size and complexity of the Pauline corpus Drawing on his expertise as a New Testament scholar and homiletics professor as well as on his experience as a pastor Braxton offers the reader tools with which to wrestle more effectively with the complex yet essential message of Paul Eschewing either a solely historical approach or a completely spiritual one the author brings the two together to explore the meaning of Paul's message in its original context as well as its contemporary application Written with imagination and depth of understanding this book is for anyone who wishes to know Paul better and to preach from his letters more effectively

Mike Graves, Andre Resner, 2021-03-09 In 1928 when

Riverside Church NYC pastor Harry Emerson Fosdick asked the question in Harpers Magazine What s the Matter with Preaching Today he did not know that one response to that question had just entered the world in Humboldt Tennessee Fred B Craddock revolutionized preaching theory and practice by flipping pulpit logic from deductive to inductive often called the preaching as storytelling revolution and in so doing brought renewed interest and impact to the practice of preaching effectively rescuing it from an often tedious and moralizing fate With Fred preaching was anything but boring Rather it was an exciting and enlightening ride that led to the renewal of faith To honor Craddock s legacy Mike Graves and Andr Resner invited ten leading voices in homiletics to identify something that is right about preaching today In addition they issued a call to a wide variety of people to contribute stories about Fred s impact on their lives and ministries Twenty seven remembrances of Fred are included here throughout the book If you appreciate effective and engaging preaching as either a preacher or listener the essays and remembrances here will speak to you and provide encouragement about preaching s present and future With contributions from Ronald J Allen Barbara K Lundblad Alyce McKenzie Debra J Mumford Luke Powery Andre Resner Richard Ward Dawn Ottoni Wilhelm Paul Scott Wilson

The Web of Preaching Richard L. Eslinger, 2002-08-01 Preaching is not as simple as it may appear The preacher today is confronted with a dizzying array of homiletic methods and approaches each holding important insights into how to proclaim the Good News While pastors wish to learn from these different ways of preaching they often do not know where to begin Who are the best representatives of a given approach How do the different methods relate to one another How has the preaching scene changed in recent years In The Web of Preaching Richard Eslinger addresses these and other questions about contemporary approaches to preaching Surveying the most important current theories of preaching he argues that no homiletic method can be understood on its own The different schools of thought on preaching all intersect at such common points as Scripture narrative and the role of preaching in worship A strength in one compensates for a weakness in another and seen together they form one comprehensive web of preaching This book is a follow up to Eslinger s earlier A New Hearing which has been a standard text in preaching courses since its publication in 1987

Yet Alive? Methodists in British Fiction since 1890 David Dickinson, 2016-06-22 Reading the novels of George Eliot Arthur Quiller Couch Barry Unsworth and others as a Methodist David Dickinson offers a colourful picture of Methodists in British fiction since the close of the nineteenth century In the first century and a half of the denomination s influence many novels treated Methodist themes settings and characters and several authors were themselves Methodist but as Methodism declined its appearances in modern English literature diminished Nevertheless it retains a strong if paradoxical presence in popular imagination fed in part by its fictional depiction Yet Alive argues that despite or perhaps because of the process of secularisation novels depicting Methodists play an important role in literature s ongoing exploration of spiritual religious and theological themes and that Methodists have much to learn from the way authors see them

Sermons That Sing Noel A. Snyder, 2021-08-17 Preaching and music are both regular elements of

Christian worship yet they often don't interact or inform each other in meaningful ways Theologian pastor and musician Noel A Snyder considers how preaching that seeks to engage hearts and minds might be helpfully informed by musical theory so that preachers might craft sermons that sing Preaching to Second Generation Korean Americans Matthew D.
