

The background of the entire image is a vibrant night photograph of a city, likely San Francisco, viewed from a high vantage point. The city lights are a mix of warm yellows and oranges, contrasting with the deep blues of the twilight sky. A prominent feature is a large, illuminated cable-stayed bridge with a white, triangular pylon, which stretches across the water. In the foreground, the dark silhouettes of two people, a man and a woman, are seen from behind, standing close together and looking out over the city. The overall mood is romantic and contemplative.

Percolation Poetry And Passion:

Percolation, Poetry, and Passion A.V. Sanders, 2015 Beckett works at a coffee shop to make ends meet while attending a prestigious university It is not the most exciting job but he has done it long enough he is good at it and can avoid the tedium by spinning sexy little daydreams of things he doubts will ever happen Daydreams that soon include Simon the hot handsome and older freelance writer who stops in one day But then Simon becomes a regular a bright spot more interesting than the inside of Beckett's head and daydreams start to seem like they could be something far more tangible if reality doesn't get in the way first American Modernist Poetry and the Chinese Encounter Z. Yuejun, S. Christie, 2012-10-31 American

Modernist Poetry and the Chinese Encounter offers a framework for understanding the variety of imagined encounters by eight different American poets with their imagined Chinese subject The method is historical and materialist insofar as the contributors to the volume read the claims of specific poems alongside the actual and tumultuous changes China faced between 1911 and 1979 Even where specific poems are found to be erroneous the contributors to the volume suggest that each of the poets attempted to engage their Chinese subject with a degree of commitment that presaged imaginatively China's subsequent dominance The poems stand as unique artifacts via proxy and in the English language for the rise of China in the American imagination The audience of the volume is international including the growing number of scholars and graduate students in Chinese universities working on American literature and comparative cultural studies as well as already established commentators and students in the west **The King and the People** Abhishek Kaicker, 2020-02-03 The King

and the People tells the history of a period of imperial collapse through the everyday experience of the Mughal empire's urbanites This book offers a narrative of the evolving relation between courtly enunciations of sovereignty and the politics of the street Set in Delhi the capital of the largest and most sophisticated political formation in India before the British the book brings together the study of intellectual traditions power politics urban culture and popular violence **Gallant Poetry**

Motohashi, 2020-11-16 This volume critically analyses and theorises Asian interventions in the expanding phenomenon of Global Shakespeare It interrogates Shakespeare's universality from Asian perspectives how this has been modified or even replaced by the global bard as a recognisable brand and how Asian Shakespeares have contributed to or subverted this process by both facilitating the worldwide dissemination of the bard's plays and challenging and resisting the very templates through which they become globally legible Critically acclaimed Asian productions have prominently figured at premier

Western festivals and popular Asian appropriations like Bollywood manga and anime have created new kinds of globally accessible Shakespeare Essays in this collection engage with the emergent critical issues the efficacy of definitions of the local global transnational and cosmopolitan and of the liminalities and mobilities in between They further examine the politics of West and East the evolving markers of the Asian and the equation of the glocal with the Asian they attend to performance and archiving protocols and bring the current debates on translation appropriation and world literature to speak to the concerns of global and transnational Shakespeare These investigations analyse recent innovative Asian theatre productions popular cinematic and manga appropriations and the increasing presence of Shakespeare in the Asian digital sphere They provide an Asian standpoint and lens in rereading the processes of cultural globalisation and the mobilisation of Shakespeare

Human Being, Bodily Being Chakravarthi Ram-Prasad, 2018-07-19 Chakravarthi Ram Prasad offers illuminating new perspectives on contemporary phenomenological theories of body and subjectivity based on studies of classical Indian texts that deal with bodily subjectivity Examining four texts from different genres a medical handbook epic dialogue a manual of Buddhist practice and erotic poetry he argues for a phenomenological ecology of bodily subjectivity in health gender contemplation and lovemaking An ecology is a continuous and dynamic system of interrelationships between elements in which the salience accorded to some type of relationship clarifies how the elements it relates are to be identified The paradigm of ecological phenomenology obviates the need to choose between apparently incompatible perspectives of the human The delineation of body is arrived at by working back phenomenologically from the world of experience with the acknowledgement that the point of arrival a conception of what counts as bodiliness is dependent upon the exact motivation for attending to experience the areas of experience attended to and the expressive tools available to the phenomenologist Ecological phenomenology is pluralistic yet integrates the ways experience is attended to and studied permitting apparently inconsistent intuitions about bodiliness to be explored in novel ways Rather than seeing particular framings of our experience as in tension with each other we should see each such framing as playing its own role according to the local descriptive and analytic concern of a text

An Open Door Steven Lovatt, 2022-05-12 If the mountains secluded Wales from England the long coastline was like an open door to the world at large Jan Morris The history of Wales as a destination and confection of English Romantic writers is well known but this book reverses the process turning a Welsh gaze on the rest of the world This shift is timely the severing of Britain from the European Union asks questions of Wales about its relationship to its own past to the British state to Europe and beyond while the present political public health and environmental crises mean that travel writing can and should never again be the comfortably escapist genre that it was Our modern anxieties over identity are registered here in writing that questions in a personal visceral way the meaning of belonging and homecoming and reflects a search for stability and solace as much as a desire for adventure Here are lyrical stories refracted through kaleidoscopes of family and world history alongside accounts of forced displacement and the tenacious love that exists between people and

places Yet these pieces also show the enduring value and joy of travel itself As Eluned Gramich expresses it It s one of the pleasures of travel to submit yourself to other people let yourself be guided and taught Taken together the stories of An Open Door extend Jan Morris legacy into a turbulent present and even more uncertain future Whether seen from Ll n or the Somali desert we still take turns to look out at the same stars and it might be this recognition above all that encourages us to hold the door open for as long as we can Featuring contributions from Eluned Gramich Grace Quantock Faisal Ali Sophie Buchaillard Giancarlo Gemin Si n Melangell Dafydd Mary Ann Constantine Kandace Siobhan Walker Neil Gower Julie Brominicks and Electra Rhodes
