Persian Mirrors The Elusive Face Of Iran:

Persian Mirrors Elaine Sciolino, 2000-10-03 No American reporter has more experience covering Iran or more access to the private corners of Iranian society than Elaine Sciolino. As a correspondent for Newsweek and The New York Times she has reported on the key events of the past two decades. She was aboard the airplane that brought Ayatollah Ruhollah Khomeini to Tehran in 1979; she was there for the Iranian revolution, the hostage crisis, the Iran Iraq war, the rise of President Mohammad Khatami, and the riots of the summer of 1999. In *Persian Mirrors*, Sciolino takes us into the public and private spaces of Iran: the bazaars, beauty salons, aerobics studios, courtrooms, universities, mosques, and the presidential palace, to capture the vitality of a society so often misunderstood by Americans. She demystifies a country of endless complexity where on the streets women swathe themselves in black and behind high walls they adorn themselves with makeup and jewelry where the laws of Islam are the law of the land and yet the government advertises as tourist attractions the ruins of the pre-Islamic imperial capital at Persepolis and the synagogue where Queen Esther is said to be buried and where even the most austere clerics recite sensual romantic poetry insisting that it refers to divine and not earthly love. Iran is also a place with a dark side where unpredictable repression is carried out officially and unofficially by forces intent on maintaining power and influence. Sciolino deftly uses her travels throughout Iran and her encounters with its people to portray the country as an exciting, daring laboratory where experiments with two highly volatile chemicals, Islam and democracy, are being conducted. Like the mirror mosaics found in Iran's royal palaces and religious shrines, there is more to the whole of the country than the fragments revealed to outsiders. *Persian Mirrors* captures this elusive Iran. Sciolino paints in astonishing detail and rich color the surprising inner life of this country where a great battle is raging not for control over territory but for the soul of the nation.

Persian Mirrors Elaine Sciolino, 2001-10-01 The New York Times expert on Iran explores the beauty and contradiction underlying this enigmatic country.

Iran's Ministry of Intelligence Steven R. Ward, 2024-11-01 The first book about Iran's shadowy Ministry of Intelligence, Steven R. Ward provides an accessible overview of Iran's Ministry of Intelligence (MOIS) and its focus on tracking and countering domestic dissent and perceived foreign-inspired sedition. The ministry's checkered record of effective intelligence operations includes a history of assassinations and human rights abuses. Developing a clearer picture of the MOIS is important for understanding how the Islamic Republic of Iran operates, seeks security, and competes with its adversaries. Iran's Ministry of Intelligence updates and improves on the paucity of available information about Iranian intelligence activities. The chapters in the book cover the MOIS's origins, leaders, structure, and organizational culture, operations, and tradecraft, foreign partners, cultural representations, and future outlook. The book also provides a significant examination of this contemporary intelligence agency that does not follow the model of Western organizations. Iran's Ministry of Intelligence will be of interest to scholars, students, and general readers of intelligence and Iran's history and politics. It will also be an important resource for national security and foreign policy practitioners. *Iran*
