Personal Comments On Lowland Book:

Talk About Books David Peplow, 2016-02-25 Over the last two decades reading groups have become increasingly popular in the UK and the USA More and more people seem to be interested in sharing their reading experiences and hearing other readers discuss their views on books whether this is online through the mass media or in face to face contexts In light of this explosion in popularity of reading groups this ethnographic study focuses on several reading groups based across a variety of settings public libraries public houses and in readers homes A range of methods are used to investigate the practices of the individual readers and the groups including participant observation interviews and audio recordings of meetings Reading groups are found to be highly ritualized and potentially competitive places in which matters of identity and taste are often at stake The groups studied are conceptualized as communities of practice and the literary interpretations and evaluations offered within each group are shown to be a product of shared norms established by this group *Second Witness: Analytical and Contextual Commentary on the Book of Mormon* Brant A. Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God Popular Commentary of the Bible: The historical books Paul Edward Kretzmann, 1923 Book Review Digest , 1916 Saltire Review of Arts, Letters and Life , 1954 **The Saturday Review of Politics, Literature, Science and Art** , 1893 Westminster Commentaries D.
