Big Dating Energy Jeff Guenther,Kate Happ,2024-07-09 Eight Rules of Love by Jay Shetty meets Tinx s The Shift for making modern relationships work for you from a licensed professional therapist with two decades of experience and nearly 4 million followers on social media as therapyjeff Dating these days is hard and no one understands that more than licensed therapist Jeff Guenther Whether you re looking for marriage or just a fling exploring your sexuality or discovering your attachment style or just trying to figure out which app is most worth your time Jeff meets you exactly where you are it s no surprise that millions of viewers have found comfort in his posts With humor empathy and an acknowledgment of the obstacles to finding

healthy relationships he has become the dating whisperer for the social media age Dating in the super online post covid world is not for the weak and people are confused and looking for guidance In the vein of Unfuck Yourself The Love Prescription and How to Not Die Alone Big Dating Energy is a funny modern self help title that tackles the opaque world of dating empowering the reader with straight talk and an emphasis on authenticity Covering everything from first dates to red flags ideal partner checklists to knowing when and how to end things and even an exploration of the people and things you can blame for why your dating life hasn't worked out so far Big Dating Energy harnesses the charm and easy to use advice that nearly 4 million followers come to the therapyjeff platform for daily It will set you up to not only succeed at dating but maybe even enjoy it along the way Memories of a Secret Agent Paul Kramer, 2006-12-11 It is essential for the reader to remember that this is a memoir in other words a record of events based on the authors experiences and feelings Because of the secrecy restrictions at the time these events occurred and in some cases for many years thereafter the author kept no diary notes or record and wrote no letters describing his work Furthermore almost without exception all the people with whom and for whom he worked are now dead Consequently in writing this book the author has been entirely dependent on his memory At the age of ninety one this memory may have at times been defective or twisted However there can be no doubt the story is true Careful research of the archives of the Office of the Coordinator of Inter American Affairs the U S Navy and the CIA should substantiate this But even here there will be difficulties due to secrecy and the deindexing of the FBI's Latin American files by its then director rather than turn them over to the hated CIA Moreover the authors foolish refusal to accede to the request of his commanding officer to write the history of the naval operation Roads End immediately after its conclusion and for which he had received a commendation has erased forever the details of that historic event Finally the tragic suicide of the CIA's director of operations subsequent to the Kim Philby espionage scandal diminished the possibility of a proper analysis of events surrounding it in Washington
