The Customer Communication Formula Charlotte Purvis, 2020-12-11 A Tried True and Tested Formula to Increase Customer Satisfaction and Boost Your Brand. One conversation with a client changed everything for the author Charlotte Purvis. We do not want the people answering the phones to sound like they are just sitting around at home talking to their family and friends. That statement was the catalyst for Charlotte Purvis to develop the 3 F Customer Communication Formula: Friendly, Formal, Focused. Customer Service Success. This Formula helped her clients create an environment where Customer Service Professionals (CSPs) spoke in a manner that customers would know they were contacting a Best in Class Contact Center instead of someone sitting at home chatting on the phone with their family and friends. That conversation with the client was over 20 years ago, and since then Charlotte Purvis has coached and trained hundreds of Customer Service Professionals using her 3 F Customer Service Formula. As a result, literally millions of customers have benefited from the service they've received based on this formula. Customer Service Professionals include advisors, agents, consultants, assistants, specialists, representatives, coordinators, sales enrollment specialists, and basically anyone who communicates with customers. In a world that is becoming increasingly more competitive, when anyone can start a business with a website and a product idea, and when more customers are buying online than ever before, outstanding customer service will set you apart from your competition.
