Environmental and Natural Resource Management Mike Young,Christine Esau,2016-10-04 The aim of this book is to catalyse global interest in the pursuit of transformational changes in natural resource and environmental management It is shown that transformational policy reforms involve fundamental shifts in strategy with far reaching consequences for the structure of industries the way people behave and the resources they use Transformational reforms typically involve a decision to change a suite of institutional arrangements that will result within a short period of time in a paradigm shift and the emergence of an approach that will be recognised as being totally different to the arrangements that were previously in place Transformational change is well established in business and can deliver outstanding results In the world of policy

development however many transformational policy reforms flounder Unlike incremental policy reforms they are often seen to be politically risky and prone to failure Using examples of success and failure coupled with insights from practitioners and academics who have succeeded in getting transformational reforms implemented this book presents a set of guidelines for excellence in the pursuit of transformational policy reforms It includes detailed case studies from Australia China Europe New Zealand South east Asia and the USA
