Making Great Strategy Glenn R. Carroll, Jesper B. Sørensen, 2021-01-26 Making strategy requires undertaking major often irreversible decisions aimed at long term success in an uncertain future All leaders must formulate a clear course of action yet many lack confidence in their ability to think systematically about their strategy They struggle to apply the abstract lessons offered by conventional approaches to strategic analysis to their unique contexts Making Great Strategy resolves these challenges with a straightforward readily applicable framework Jesper B Sørensen and Glenn R Carroll show that one factor underlies all sustainably successful strategies a logically coherent argument that connects resources capabilities and environmental conditions to desired outcomes They introduce a system for formulating and managing strategy through a set of three core activities visualization formalization and logic and constructive argumentation These activities can be implemented in any organization and are illustrated through examples and case studies from well known companies such as Apple Walmart and The Economist This book shows that while great strategic thinking is hard it is not a mystery Widely applicable and relevant for managers and leaders at all levels especially executive teams charged with setting the course of their organizations it is essential reading for anyone faced with practical problems of strategic management

Digital Pricing Frank Frohmann, 2023-03-03 This is one of the first books to combine the current megatrend of digitalization and pricing as the most effective lever for increasing and sustaining profits The book presents the basics of digital pricing as well as modeling methods and implementation examples This structure helps in tackling the latest developments and challenges due to digitalization Readers will gain a detailed insight into using innovative revenue and price models to generate a sustainable competitive advantage for their companies The author uses his cross industry experience to draw on several examples of innovative digital pricing approaches which can be applied in industrial sectors such as automotive industrial goods and machinery as well as service sectors like telecommunications transportation and tourism

Authenticity, Passion, and Advocacy Thomas E. Malewitz, 2020-07-08 Adolescence can be best summarized as a time of authenticity passion and advocacy As adolescents start maturing on a life journey that leads them away from dependence on their parents to becoming an independent adult they often seek out honest and transparent

mentors to learn from and trust for wisdom and guidance Although Thomas Merton the celebrated spiritual author and Cistercian monk is better remembered for his writings on ecumenism nonviolence and advocacy he also had several documented correspondences with adolescents throughout his life By examining these artifacts it is clear that Thomas Merton had great insight into the spiritual needs and challenges of adolescents Throughout his life Merton s authentic struggles often parallel the searching nature that defines adolescent spirituality Through scholarship and practice this book will explore how the life and writings of Thomas Merton may serve as a guide and bridge for ministers of adolescents and will offer some practical suggestions for minsters educators and parents on topics affecting contemporary adolescents through the lens of Thomas Merton s life and writings

The Big Apple Guide ,1982 Growing Songwriting Associate Professor of Music Education Clint Randles,2024-08-13 The history of music education over the past 100 years has centered on traditional band choir and orchestra models Yet music education has always secured a prominent place in the curriculum when it captures the musical imagination of the masses and research has shown that more and more students are seeking alternative opportunities to engage with music Songwriting is a 21st Century curricular offering that considers who we are as a society our desires our goals our passions Most often songwriting occurs in Modern Band classes that are beginning to pop up all around North America and many parts of the world This book provides curricular support for those efforts as we look to the present and future of music teaching and learning
