E-Commerce Fundamentals Dr. Dinesh G. Harkut,Dr. Kashmira N. Kasat,2025-10-06 This book E Commerce Fundamentals A Concise Guide for Beginners has been carefully designed with undergraduate students particularly engineering learners in mind Over the years of our teaching and research experience we have observed a growing need for a comprehensive yet concise academic resource that introduces the essential principles of e commerce while also highlighting its practical relevance Most existing literature either approaches the subject from a purely business standpoint or look into highly technical perspectives Our intent has been to bridge this gap by presenting a text that is conceptually strong practically relevant and student friendly Reliable Software Technologies - Ada-Europe 2014 Laurent George,Tullio Vardanega,2014-06-10 This book constitutes the refereed proceedings of the 19th Ada Europe International Conference on

Reliable Software Technologies Ada Europe 2014 held in Paris France in June 2014 The revised 12 full papers presented together with two keynotes were carefully reviewed and selected from 68 submissions They are organized in topical sections on formal methods uses of ada real time scheduling applications The Quest to Cyber Superiority Nir Kshetri,2016-07-29

This book explains how major world economies are recognizing the need for a major push in cyber policy environments It helps readers understand why these nations are committing substantial resources to cybersecurity and to the development of standards rules and guidelines in order to address cyber threats and catch up with global trends and technological developments A key focus is on specific countries engagement in cyberattacks and the development of cyber warfare capabilities Further the book demonstrates how a nation s technological advancement may not necessarily lead to cyber superiority It covers cybersecurity issues with regard to conflicts that shape relationships between major economies and explains how attempts to secure the cyber domain have been hampered by the lack of an international consensus on key issues and concepts The book also reveals how some economies are now facing a tricky trade off between economically productive uses of emerging technologies and an enhanced cybersecurity profile In the context of current paradigms related to the linkages between security and trade investment it also delves into new perspectives that are being brought to light by emerging cybersecurity issues *The Monday Report* Florida.
