Effects of Consumerism on Modern Society. In what Aspects does Consumerism form an Identity? Leonie Quicker,2023-06-23 Seminar paper from the year 2019 in the subject Sociology Consumption and Advertising grade 1 3 University of Paderborn Kulturwissenschaft language English abstract This

term paper is set out to investigate in what aspects consumerism forms an identity and to what degree it affects modern society In order to gather information and data this research project will look at different Instagram accounts and groups like richkids__official or women_luxurys_life How do they advertise certain products and in what way do these people represent themselves within a particular picture Simultaneously this term paper will explain the consequences of consumerism on businesses society in general and people s mental health Sources that will be needed to answer these questions are going to be Yiannis Gabriel and Tim Lang s The Unmanageable Consumer Contemporary Consumption and its Fragmentations from 1995 in which the different functions of a consumer are thoroughly explained and analysed In addition J D Forbes The Consumer Interest published 1987 defines different sections in which consumerism influences society Using these sources and explanations this research project will try to answer the question of how consumerism forms an identity and to what degree it thereby affects society I m just a girl standing in front of a photo asking it to be Instagram worthy The quote above is a re written version of Notting Hill s famous sentence I m just a girl standing in front of a boy asking him to love her Comparing these situations it can be interpreted as though the re written girl just wants to have a photo worthy for Instagram in order to be loved Therefore this quote tells more about society than just a girl wanting to look pretty online Nowadays almost every person who is able to go online has at least heard or even registered on one or more social media platforms like Facebook Twitter or Instagram *Benefits of Influencer Marketing in Tourism* Alina Fackler,2018-04-17 Seminar paper from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 2 0 University of Applied Sciences Deggendorf language English abstract Nowadays it is a decisive role for the image of a company to be represented on social media because it is one of the most important type of media in today s time The influence of traditional media is declining sharply Companies thus loose the opportunity to reach their target groups via these older communication channels At the same time almost 80% of adults are online and are spending daily 166 minutes on average in the web Consumers look at other consumers to inform themselves about products and services This is why a new segment of Marketing has developed so called Influencer Marketing It is a trend topic and many companies deal already with it Many tourism companies agree that Marketing of their offers is mostly online But customers do not exclusively inform themselves online Word of mouth from family and friends are still worth a lot Consequently the tourism companies cannot compete with personal relations Nevertheless there is an opportunity to work with bloggers and thus imitate the personal recommendation Most tourism experts are already actively using social media and look above all opportunities for stronger customer loyalty direct contact with customers but also for addressing new target groups The aim of the present work is to define Influencer Marketing and to work out the benefits for the tourism industry Wholesale 101: A Guide to Product Sourcing for Entrepreneurs and Small Business Owners Jason Prescott,2013-05-31 Learn the Secrets to Succeeding in Global Trade Wholesale 101 provides the tools and insight you need to launch a successful business by combining various platforms
