[Gluten-free and sugar-free recipes](#) [80 low-carb recipes that help fight celiac disease, diabetes and weight loss](#) , 2024-04-05 I am not sensitive to gluten as my previous books attest However neither am I immune to the dietary challenges brought about by the passionate consumption of products made with wheat as anyone who has seen me also knows There was a time when I was lean and mean and then I opened a bakery and began a love affair with bread products of all types Back in 1971 when I was twenty one I participated in a communally operated vegetarian restaurant in Boston in which no white flour white sugar or white rice was permitted to cross the threshold I read everything I could find on nutrition and various popular food philosophies of the time such as macrobiotics raw foods and sprouts wheat grass therapy food combining and juicing I even met Jack LaLanne one of my personal fitness heroes For three years I ate only organically grown food and unrefined whole grains and all of my childhood allergies and food sensitivities seemed to fade away At five feet six inches I weighed a lithe 136 pounds and felt great At the end of those three years we sold the restaurant and everyone moved on and in the next phase of my journey I once again became an omnivore Even as my weight gradually increased I maintained excellent health which I attributed to those three dynamic years of immersion in a healthful lifestyle By the time my wife Susan and I opened our own restaurant and bakery in 1986 I weighed 155 pounds and had become stocky When we sold the business seven years later I was up to 165 pounds and would have been heavier were it not for the daily physically intense work of baking thousands of loaves of bread which helped me burn off a lot of calories As soon as I stepped out of daily production and transitioned into teaching at culinary schools and writing books I started gaining more weight and quickly The accumulated effects of tasting glorious white flour breads of all types along with access to the handiwork of fabulous chefs and restaurants to which I lost all ability to say no caused my weight to balloon to over 200 pounds Searching for the perfect pizza as I researched my book American Pie didn't help either but I sure was having fun Fortunately I never stopped working out so even though I was to put it bluntly fat it was firm fat marbled with muscle

Nonetheless it was cause for concern especially that most pernicious of fats belly fat So recently with Susan s encouragement I decided it was time to get serious about losing weight I had already met Denene Wallace a few years earlier at a private tasting of some of her gluten free products and was impressed with how good they were Gluten sensitivity is a subject I had been tracking since 1991 shortly after my first book Brother Juniper s Bread Book came out Around that time Loree Starr Brown who had been a regular customer at Brother Juniper s Bakery came in one day with a box of homemade breads and muffins based on the recipes in my book but all made with rice flour instead of wheat flour They were delicious Loree proceeded to educate me about celiac disease a medical condition that nearly killed her before it was finally diagnosed and treated by removing all traces of gluten from her diet *Vegetarian Times* ,2001-06 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both *Easy Keto Diet Plan for Better Health & Weight Loss!* ,2025-03-17 The eBook Easy Keto Diet Plan for Better Health Weight Loss is your ultimate guide to embracing a ketogenic lifestyle with confidence and simplicity Designed for beginners and seasoned dieters alike this comprehensive resource demystifies the keto diet providing practical tips and science backed insights to help you achieve your health and weight loss goals The eBook starts by explaining the fundamentals of the ketogenic diet outlining how reducing carbs and increasing healthy fats can transform your body into a fat burning machine It delves into the health benefits of ketosis including improved energy mental clarity and balanced blood sugar levels Packed with easy to follow meal plans delicious recipes and helpful shopping lists this eBook eliminates the guesswork of keto meal prep ensuring you stay on track without feeling overwhelmed You ll also discover strategies to overcome common challenges like cravings plateaus and dining out making the diet sustainable for long term success Whether you re looking to shed pounds improve your metabolic health or simply adopt a healthier lifestyle Easy Keto Diet Plan for Better Health Weight Loss provides all the tools you need to thrive Written in an engaging and accessible tone this eBook empowers you to take control of your health offering a practical roadmap to a fitter happier you *The New 500 Low-Carb Recipes* Dana Carpender,2018-12-04 Since its publication over 15 years ago 500 Low Carb Recipes has become a classic in the low carb community earning author Dana Carpender the affectionate moniker low carb queen from her fans The book is now a bestseller with over half a million copies sold Low carb cooking has evolved A decade ago low carb menus relied on ingredients like artificial sweeteners unhealthy vegetable oils protein additives and processed foods from grocery store shelves like low carb branded snack bars and packaged meals Today s low carb cooking is influenced by larger food movements such as clean eating farm to table ingredients higher fat ratios thanks to the popularity of ketogenic diets and less stigmatization of foods that have substantial inclusion in a low carb diet namely animal foods and saturated fat due to the

growth of the Paleo and traditional foods movements The New 500 Low Carb Recipes is the beloved cookbook updated for today's low carb movement
