Macbook This Week Customer Service:

American Injustice John Paul Mac Isaac, 2022-11-22 This is the story of how I tried to get the Hunter Biden laptop evidence to the authorities My life changed forever on April 12 2019 when Hunter Biden stumbled into my shop requesting data recovery from one of his liquid damaged laptops After his father announced his candidacy for president of the United States and Hunter failed to pay for and collect his computer fear for my safety grew There was paperwork in Hunter s possession giving me permission to examine and copy his data someone was going to come looking for the laptop and come looking for me Concerned that I was sitting on evidence in a criminal investigation I set out to hand everything over to the FBI But feeling betrayed by the FBI s inaction in providing the laptop as evidence during the impeachment trial I then turned to Congress and ultimately to a lawyer for the president Rudy Giuliani When the story broke Big Tech and social and mainstream media blocked the reporting I was instantly labeled as a hacker and a criminal My actions were labeled Russian disinformation and it didn t take long before people started attacking my business and my character forcing me to close my shop and flee the state *Mac Life* ,2007-09

Creating a Service Culture in Higher Education Administration

Mario C. Martinez, Brandy Smith, Katie Humphreys, 2023-07-03 Service delivery is part and parcel of every higher education professional s job both to improve service to students and to each other as internal customers Until now higher education professionals have had to rely for their professional development on books and training designed for the business sector This book is the first to specifically address the needs of higher education professionals across a wide range of administrative functions within college and university environments It is designed for administrative staff and management ranging from professionals working in centralized functions such as student affairs and enrollment management to those working as advisors or in career centers whether in community colleges four year institutions or for profit institutions Each chapter applies customer service principles to scenarios that are relevant to higher education The book begins by engaging the reader to define service and identify the external and internal customers who are recipients of that service It then maps customer interactions into a series of steps and offers departments and individuals a tool to maximize the customer experience Additional chapters address customer expectations creating a service culture on your campus and managerial influences on staff service delivery *Creating a Service Culture in Higher Education Administration* is a complementary book to the online customer service and management training resources at softskillspros.com
