The Complete Guide to iPhone 12 Mini Ian Osborne,2020-11-01 Combining style power and some great new features the iPhone 12 mini takes Apple s smartphone to a whole new level Its operating system iOS 14 also brings exciting new features and enhancements Together they make for a world beating mobile experience Over the 180 pages in this guidebook we get to the heart of the awesome iPhone 12 mini and the iOS 14 operating system bringing you guides tips and tutorials that help you get the most from your new Apple smartphone *Take Control of Your Apple Account, 2nd Edition* Glenn Fleishman,2025-09-10 Prevent or solve problems with your Apple Account Version 2 0 updated September 10 2025 The center of the Apple world is your Apple Account This identifier ties up your access to iCloud to purchased and streaming music TV and movies and to all your devices While an Apple Account is essential Apple has made it

difficult to navigate the many features associated with it and particularly to troubleshoot and resolve problems that crop up. This book answers dozens of questions and guides you through solutions. It also explains how to use security recovery and other features tied to your Apple Account. Everything Apple relies on your Apple Account. It's a key that unlocks a long list of Apple products and services on any of numerous devices. iCloud uses an Apple Account as does Apple Music, the App Store, the Music TV and Books apps and more. An Apple Account protects your personal information including email and iPhone/iPad backups helps you find a lost iPhone/iPad/Mac or Apple Watch and can even unlock your Mac. So it goes without saying that if something goes wrong with your Apple Account you could be in for a world of hurt. Unfortunately things go wrong with Apple Accounts all the time. Fortunately Glenn Fleishman, a veteran technology journalist and the author of Macworld's Mac 911 column, is ready to help with expert advice on how to manage your Apple Account including how to prevent, solve or work around most common problems. This book is fully up to date with iOS 16, iPadOS 16, macOS 12, watchOS 8, tvOS 16 and other Apple products and services. In this book Glenn answers questions like: What all is my Apple Account used for? How does my iCloud account relate to my Apple Account? What's two factor authentication and how do I manage it and not get locked out of my account? Should I invest in hardware security keys to up the protection of my Apple Account? Are there other mechanisms I can use to ensure that I can recover an Apple Account in the event of a problem? Spoiler: yes! What should I do if I have two or more Apple Accounts or iCloud accounts? Will I lose access to all my Apple media purchases if I move to another country? Can I share an Apple Account with someone else? What does an Apple One subscription offer and how does it interact with Family Sharing and iCloud storage tiers? Is there an explanation for how code-based and hardware-based second factors protect my account and how they differ from passkeys? Yes! What exactly should I do if I think someone is hacking my Apple Account? How can I recover a forgotten Apple Account password? What happens if I'm assaulted or drugged and someone gains access to my iPhone passcode and resets my Apple Account? Sadly, a too-real if-uncommon problem. What steps should I take if Apple locks me out of my account? If I lose access to an email address associated with my Apple Account, what can I do? What Apple Account changes in recent versions of iOS, iPadOS and macOS do I need to know about? How can I use Family Sharing to share data and purchases within my family? What types of subscriptions can I manage with my Apple Account and how? Which payment methods can I associate with my Apple Account and how do I manage them? And that's just the beginning. Glenn has packed a remarkable amount of concise problem-solving information into this comprehensive book. Read it before you encounter Apple Account problems to minimize your risk and if you've already encountered a problem, read it to find the best path to a rapid solution.
