Focus On: 100 Most Popular 2010s South Korean Television Series Wikipedia contributors, **Now Media** Norman J. Medoff, Barbara K. Kaye, 2025-05-06 Now in its fifth edition this book is one of the leading texts on the evolution of electronic mass communication in the last century giving students a clear understanding of how the media of yesterday shaped the media world of today Now Media provides a comprehensive view of the development of media and the subsequent advancements into now digital media Each chapter is organized chronologically starting with print radio and television then moving to the now media of today and finally exploring possibilities for the media of the future Topics include the rise of social media uses of personal communication devices the film industry virtual reality digital advertising and the innovations that laid the groundwork for now media This fully updated fifth edition features new chapters on video games and the business of and careers in now media Discussions on rapidly evolving now media stakeholders such as influencers and YouTubers are included and attention is paid to AI throughout the book This book remains a key text and trusted resource for students and scholars of digital mass communication and communication history alike **Podcasting in a Platform Age** John L. Sullivan, 2024-01-25 Podcasting in a Platform Age explores the transition underway in podcasting by considering how the influx of legacy and new media interest in the medium is injecting professional and corporate logics into what had been largely an amateur media form Many of the most high profile podcasts today however are produced by highly skilled media professionals some of whom are employees of media corporations Legacy radio and new media platform giants like Google Apple Amazon and Spotify are also making big and expensive moves in the medium by acquiring content producers and hosting platforms This book focuses on three major aspects of this transformation formalization professionalization and monetization Through a close read of online and press discourse analysis of podcasts themselves participant observations at podcast trade shows and conventions and interviews with industry professionals and individual podcasters John Sullivan outlines how the efforts of industry players to transform podcasting into a profitable medium are beginning to challenge the very definition of podcasting itself *No Rules Rules* Reed Hastings, Erin Meyer, 2020-09-08 The New York Times bestseller Shortlisted for the 2020 Financial Times McKinsey Business Book of the Year Netflix cofounder Reed Hastings reveals for the first time the unorthodox culture behind one of the world's most innovative imaginative and successful companies There has never before been a company like Netflix It has led nothing short of a revolution in the entertainment industries generating billions of dollars in annual revenue while capturing the imaginations of hundreds of millions of people in over 190 countries But to reach these great heights Netflix which launched in 1998 as an online DVD rental service has had to reinvent itself over and over again This type of unprecedented flexibility would have been impossible without the counterintuitive and radical management principles that cofounder Reed Hastings established from the very beginning Hastings rejected the conventional wisdom under which other companies operate and defied tradition to instead build a culture focused on

freedom and responsibility one that has allowed Netflix to adapt and innovate as the needs of its members and the world have simultaneously transformed Hastings set new standards valuing people over process emphasizing innovation over efficiency and giving employees context not controls At Netflix there are no vacation or expense policies At Netflix adequate performance gets a generous severance and hard work is irrelevant At Netflix you don't try to please your boss you give candid feedback instead At Netflix employees don't need approval and the company pays top of market When Hastings and his team first devised these unorthodox principles the implications were unknown and untested But in just a short period their methods led to unparalleled speed and boldness as Netflix quickly became one of the most loved brands in the world Here for the first time Hastings and Erin Meyer bestselling author of The Culture Map and one of the world's most influential business thinkers dive deep into the controversial ideologies at the heart of the Netflix psyche which have generated results that are the envy of the business world Drawing on hundreds of interviews with current and past Netflix employees from around the globe and never before told stories of trial and error from Hastings's own career No Rules Rules is the fascinating and untold account of the philosophy behind one of the world's most innovative imaginative and successful companies
