Lamar Hunt Michael MacCambridge, 2012-10-02 I can't separate what part of pro football is business and what part is personal with me he said I just know that it is very important that I succeed He had loved games as a young boy had played them as a young man and now as a naive but determined 27 year old in the summer of 1959 Lamar Hunt announced that he was going to launch a new football league What he couldn't possibly have known on that day was that the forces of the entrenched National Football League would soon be arrayed against him The league would place its own team in his hometown of Dallas in direct competition with his team and would attempt to undermine the new league trying on repeated occasions before that first season to prevent the new American Football League from ever starting And what the NFL couldn't have known but would soon find out was that Hunt the mild mannered bespectacled son of legendary oilman H L Hunt had an indomitable will and patience beyond his years Resolute and innovative he successfully launched the AFL and seven years later helped broker a merger deal which created the need for a championship game between the two leagues Then he came up with the name of the game the Super Bowl Never before and not since has anyone with so many resources spent so much time watching participating in and being captivated by the absorbing ritual of sports and the suspended state of play His accomplishments would put him in the company of the other giants of American sports Charles C Cash and Carry Pyle Abe Saperstein George Halas Branch Rickey Red Auerbach Pete Rozelle Each was present at a revolution But Hunt significantly was present at a number of revolutions And he was the catalyst for each one Before his death in 2006 Hunt revolutionized three different sports pro football tennis and soccer winding up in the Hall of Fame of each Written by award winning author Michael MacCambridge Lamar Hunt A Life In Sports is the definitive and official biography of one of the 20th century's most important and beloved sporting figures the soft spoken strong willed man whose audacious challenge to the NFL transformed the landscape of American sports but only served as an opening act to his epic sporting journey Drawing on 50 years of Hunt's personal papers and more than 200 interviews author Michael MacCambridge provides an intimate original portrait of the man forever captivated by these serious pursuits we call games *True Stories From the Athletic Training Room* Keith Gorse, Francis Feld, Robert Blanc, 2024-06-01 Are you a student who has made the exciting decision to become an athletic trainer Are you a faculty member looking to share with your students lessons tips and examples of what they can expect from this challenging and rewarding profession Are you a new clinician just beginning your career and looking ahead to many fulfilling years of working with athletes Then True Stories from the Athletic Training Room is the perfect text for you True Stories from the Athletic Training Room is a collection of 35 true to life stories shared by certified athletic trainers from their work in industrial settings high schools colleges professional teams and sports medicine clinics Brought together by Keith M Gorse Francis Feld and Robert O Blanc True Stories from the Athletic Training Room is organized by the five domains of athletic training Injury and Illness Prevention and Wellness Protection Clinical Evaluation and Diagnosis Immediate and
