

Practising Phonics

If your child is learning physics at school, you might want to support them at home. But first, convince *us* what to do.

[illegible]

If you are not sure what your children's learning has been about, you may prefer to ask your child to prepare a presentation or write a letter to you about it. They will have to think about the **learning objectives** and also consider what to do if they do not understand the work.

The process for developing slides is that I get an paper and I write out the ideas and then the producers find you slide is something wrong. But people don't tell you. And it is easy to understand because you don't want to say that you're not good. It's not usually, since that would tell you that you're not good. The other people, however, the designers, are more helpful. They will tell you that you're not good.
