Everything is so opposite I was just seeing how different the inner world is from the outer world In the inner world if you see any anger you just show your love If you see any kind of power you become powerless You see any bigness you become small If you see any thief you give your keys If there is something closed inside of you you just stand there as it is Everything is so opposite You see something speedy inside you just be in the restfulness You do not need any kind of tool to live this effortless way If any part is fighting you completely lay your head down Then the treasure is there but you do not need to look after it Then the power is there but you do not need it The knowledge is there but you are not thirsty anymore The source is there but you do not want that ending And this is where you just wonder is it beginning or ending Is it living or dying Is it everything or nothing You just wonder is there more to give or to receive Gurpreet In **Heartful Permission** Gurpreet offers a collection of her open talks from 2014 which are transcribed in book format by volunteers She reminds us of the path of awakening and the significance of having an incarnate teacher **A Lawyer's Guide to Wellbeing and Managing Stress**

Angus Lyon,2016-02-22 Stress is an inevitable part of being lawyer and it can even be a positive force it can help you push through long hours or meet tough targets However when stress becomes excessive it can be damaging to individuals and to firms leading to mental and physical sickness lack of morale or a desire to take on additional responsibility and worse The problem is widespread According to a Law Society survey 95% of lawyers have some negative stress in their jobs and 17% say that this is extreme Lawyers feel overloaded with work unappreciated isolated and unsupported many complain of unattainable targets poor pay and long hours And while many firms say they have programmes in place that are geared towards improving the wellbeing of staff 66% of lawyers say they would be concerned about reporting feelings of stress to their employer because of the stigma involved Nobody wishes to be seen as a weak link in the chain of a professional practice A solution won't be found overnight This book is designed to encourage lawyers and firms to think more about the question of stress how to recognise it in others and themselves and how to take action before it becomes excessive It is written for lawyers everywhere regardless of location or career level *Intentional Health* Dr. Chiti Parikh,2024-01-09

How to Be Cross Eyed Jonathan Roseland, 2019-01-01 There s that moment when you meet a new person and you can tell that they are just a bit disoriented by your weirdness You feel that familiar little pang of embarrassment and shame because you know how weird you must look to them You re physically imperfect So am I I know that moment as well as you do But you don t have to be cross eyed or have a conspicuous physical imperfection to enjoy this book Really thriving requires an uncommon set of barely legal Biohacking tools social dynamics strategies from the fringes of polite society and rapid mindset transformation technologies which this lifehacking manifesto delves deeply into This book is especially for that one or two percent of the population who have a glaring physical defect Which I fall into I m cross eyed with Strabismus if you re reading this perhaps you are too There are certainly people out there with more conspicuous physical imperfections who have it worse than I do However the eyes are the window to the soul they really are a part of nearly every important human interaction Not having normal eyes has been a disadvantage that I ve needed to develop a specific set of skills and life strategies to overcome I was talking to my lovely fianc e about this book and she asked me if the purpose of the book was to help the self esteem of people with physical imperfections Not really This book is more about the lifehacks that I ve employed over the past 10 years strategies methods and tools that really work to help you overcome the challenge of a physical imperfection and thrive These things will likely improve your self esteem but they will also work if you have low self esteem or no self esteem or too much self esteem as I m sometimes accused of having Self esteem is not my focus My focus is on things that work This is not your typical self help book I ve had a pretty interesting life I ve seduced a politician s daughter in Medellin Colombia and I hung out with spies in Kyiv Ukraine I ve almost died underwater twice I participated in a bank robbery and I lost my virginity to a spy yes really From having sex in a brand new Maserati and getting in high speed car chases to being deported from South American countries and representing the US Presidential candidate Donald J Trump I ve found the happiness that I didn t give a damn about and realized my dream of becoming an adventuring philosopher I m not a theorist in the business of making generalizations The tactics and tools presented here are for rigorous practitioners ethical hedonists and open minded self experimenters I may sound like quite the pompous pontificator but I ll offer no apologies because storytelling is the best way to impart the unconventional mindset that saved me from mediocrity and the biohacks that enabled me to defy my selfish genes If you re bored of the tired problem generalization platitude strategy formula that most self help books follow you ll enjoy this memoir of adventures failures and unexpected successes

across three continents I'll share with you some powerful tools for transformation biohacking smart drugs flowstate red pill mindset and more with which I've managed to pack several lifetimes worth of peak experiences into a single decade
