**The Perfect Dental Consultation** Ashley Latter, 2025-06-18 Having outstanding clinical skills is essential but if you can t communicate treatment plans effectively to your patients you will end up with many outstanding treatment plans Many dentists invest heavily in developing their technical skills but don t always achieve the success they deserve due to communication barriers and mindset challenges When dentists communicate with patients they often use overly technical language that can confuse rather than clarify This can lead to undervaluing their services in their minds resulting in undercharging or advising patients to think it over at home which can delay decision making This book introduces an eight step proven approach designed to help you strengthen your relationships with patients ask insightful questions to uncover new opportunities and present treatment plans in a compelling way that encourages patients to act promptly Additionally the book will share success strategies from countless dentists whom Ashley has trained over the last three decades These insights will help you overcome self imposed barriers and unlock your full potential

**Representing Minorities** Soumia Boutkhil, Larbi Touaf, 2009-01-14 The papers in this volume include not only the traditional view of what constitutes a minority but also any individual or group recalcitrant and reluctant not to say resistant to the generalized lobotomy operated by the rampant uniformisation of cultures around the world For in the ruins of the end of history and its context of violence and Manichean politics any opposition to the general consensus could be dismissed as anti historical and atavistic The objective of the book is precisely to counter such rhetoric and underscore the necessity of cultural diversity and the right to difference This book contains what can amount to a critical response to the current context of confusion surrounding the postmodern condition that arguably dominates most societies It stresses the issue of ethics not only in world politics but also in literature and criticism which are the main focus here In fact the interest in minority issues is in itself an ethical concern that contributes to give substance to the idea that postmodernity opens the gates for the long suppressed identities and sensibilities to emerge and demand recognition This volume intends therefore to contribute to the recent ethical turn that seems to take place in scholarship worldwide Operated mainly by what is referred to as postcolonial studies this shift turned literary criticism and cultural

studies into the site where a sense of literature can be envisioned that is not at all universalist or reflecting the hegemonic temptations of the new world order It seeks to present a patchwork of minor literatures in the sense that besides the major literatures languages there are myriads of minor voices that express dissimilarity oftentimes under the umbrella of those major languages and literatures themselves

**Language, Texts, and Society** Patrick Olivelle,2011 This collection brings together a series of Patrick Olivelle s research papers published over a period of about ten years whose unifying theme is the search for hidden historical context and developments within words and texts Words and cultural histories represented by words that scholars often take for granted as having a continuous and long history are often new sometimes even being neologisms They can thus provide important indications of cultural and religious innovations Olivelle s book on the asramas as well as the short pieces included in this volume such as those on ananda and dharma seek to see cultural innovation and historical changes within the changing semantic fields of key terms Closer examination of numerous Sanskrit terms taken for granted as central to Hinduism provide similar results Indian texts have often been studied in the past as disincarnate realities providing information on an ahistorical and unchanging culture Language Texts and Society is a small contribution towards correcting this method of textual study

**Dostoevsky** André Gide,1949

**Manu's Code of Law** Manu,Patrick Olivelle,2005 Manu s Code of Law is one of the most important texts in the Sanskrit canon indeed one of the most important surviving texts from any classical civilization It paints an astoundingly detailed picture of ancient Indian life covering everything from the constitution of the king s cabinet to the price of a ferry trip for a pregnant woman and its doctrines have been central to Indian thought and practice for 2000 years Despite its importance however until now no one has produced a critical edition of this text As a result for centuries scholars have been forced to accept clearly inferior editions of Sanskrit texts and to use those unreliable editions as the basis for constructing the history of classical India In this volume Patrick Olivelle has assembled the critical text of Manu including a critical apparatus containing all the significant manuscript variants along with a reliable and readable translation copious explanatory notes and a comprehensive introduction on the structure content and socio political context of the treatise The result is an outstanding scholarly achievement that will be an essential tool for any serious student of India

**China's Troubled Bank Loans:Workout and Prevention** Jianbo Lou,2001-10-03 This book examines the significant and increasing

problem of State bank non performing loans NPLs in China which have undermined the stability of the banking system and the efficient operation of markets The accumulation of NPLs in China has been caused by the dominant role of State banks in China s financial markets weak internal controls within State banks policy loans to state owned enterprises unnecessary administrative controls on banks lending activities and inappropriate banking regulation and supervision The author draws on experiences at national regional and international level to make recommendations for the development of better workout procedures for existing NPLs He also examines the role of banking regulation and supervision in preventing accumulation of NPLs and in avoiding the impact of NPLs on the stability of the banking system and the conditions of market discipline
