Social Media in the Changing Mathematics Classroom Johann Engelbrecht, Greg Oates, Marcelo de Carvalho Borba, 2025-04-16 This edited volume gathers contributions from international scholars focusing on social media's role and impact on mathematics education. Social media's integration into pedagogical strategies from social networking sites to video sharing platforms offers the opportunity to enhance learning by fostering connectivity and engagement among students ultimately improving mathematical understanding in educational settings. This text aims to provide guidance on the facilitation of peer learning and collaboration as well as highlighting the necessary shift in traditional methods to include cyber assistance in the learning process. The book discusses how social media aligns with social constructivist theories of learning its consistency with the process of developing students into independent learners and provides means to ensuring educators remain relevant and connected to students preferred modes of learning. Challenges and benefits of the use of social media tools in teaching are also detailed. Examining the potential for effective integration of social media in the classroom this book is a valuable resource for educators practitioners and researchers interested in mathematics education.

Genius Hour Andi McNair, 2021-09-03 Genius Hour provides educators with the tools that they need to successfully implement Genius Hour or passion projects in the classroom. Presented through an easy to follow six step strategy teachers will utilize the 6 P's: passion, plan, pitch, project, product and presentation as a map for students to follow as they create design and carry out projects. Students will experience personalized learning through these self-driven projects application of standards and real world skills and opportunities to learn through failure and reflection. The book includes handouts suggested online resources and tips and tricks to make the Genius Hour process meaningful for students and manageable for educators as well as a discussion of Genius Hour's importance and impact on gifted students as they take ownership of their own learning. 2019 Teachers Choice Award for Professional Development Winner.
