A Death on W Street Andy Kroll, 2022-09-06 Named one of Mother Jones BOOKS WE NEEDED IN 2022 Named one of CrimeReads BEST NEW TRUE CRIME BOOKS OUT NOW A true crime story for the post truth era In the early hours of July 10 2016 gunshots rang out and a young man lay fatally wounded on a quiet Washington DC street But who killed Seth Rich When he was buried in his hometown his rabbi declared There are no answers for a young man gunned down in the prime of his life The rabbi was wrong There were in fact many answers way too many In the absence of an arrest a howling mob filled the void Wild speculation and fantastical theories surfaced on social media and gained traction thanks to a high level cast of provocateurs But it wasn't until Fox News took the rumors from the fringes to the mainstream that Seth Rich's life and death

grew into something altogether unexpected one of the foundational conspiracy theories of modern times A Death on W Street unravels this gripping saga of murder madness and political chicanery one that would ensnare Hillary Clinton and Steve Bannon a popular pizzeria in northwest DC and the most powerful voices in American media It s the story of an idealistic twenty seven year old political staffer who became a tragic victim of the culture wars until his family decided that they had no choice but to defend his name and put an end to the cruel deceptions that surrounded his death This is the definitive story of Seth Rich of those who tried to weaponize his memory in a war of words unlike any other and of one family s crusade to protect the truth against all odds Irreversible Damage Abigail Shrier,2020-06-30 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES Irreversible Damage has caused a storm Abigail Shrier a Wall Street Journal writer does something simple yet devastating she rigorously lays out the facts Janice Turner The Times of London Until just a few years ago gender dysphoria severe discomfort in one s biological sex was vanishingly rare It was typically found in less than 01 percent of the population emerged in early childhood and afflicted males almost exclusively But today whole groups of female friends in colleges high schools and even middle schools across the country are coming out as transgender These are girls who had never experienced any discomfort in their biological sex until they heard a coming out story from a speaker at a school assembly or discovered the internet community of trans influencers Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and gender affirming educators and therapists who push life changing interventions on young girls including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility Abigail Shrier a writer for the Wall Street Journal has dug deep into the trans epidemic talking to the girls their agonized parents and the counselors and doctors who enable gender transitions as well as to detransitioners young women who bitterly regret what they have done to themselves Coming out as transgender immediately boosts these girls social status Shrier finds but once they take the first steps of transition it is not easy to walk back She offers urgently needed advice about how parents can protect their daughters A generation of girls is at risk Abigail Shrier s essential book will help you understand what the trans craze is and how you can inoculate your child against it or how to retrieve her from this dangerous path *Business and Society* Cynthia E. L (1903) James Augustus Henry Murray,1903 *Active Measures* Thomas Rid,2020-04-21 This revelatory and dramatic history of disinformation traces the rise of secret organized deception operations from the interwar period to contemporary internet troll farms We live in the age of disinformation of organized deception Spy agencies pour vast resources into hacking

leaking and forging data often with the goal of weakening the very foundation of liberal democracy trust in facts Thomas Rid a renowned expert on technology and national security was one of the first to sound the alarm More than four months before the 2016 election he warned that Russian military intelligence was carefully planning and timing a high stakes political campaign to disrupt the democratic process But as crafty as such so called active measures have become they are not new The story of modern disinformation begins with the post Russian Revolution clash between communism and capitalism which would come to define the Cold War In Active Measures Rid reveals startling intelligence and security secrets from materials written in more than ten languages across several nations and from interviews with current and former operatives He exposes the disturbing yet colorful history of professional organized lying revealing for the first time some of the century s most significant operations many of them nearly beyond belief A White Russian ploy backfires and brings down a New York police commissioner a KGB engineered anti Semitic hate campaign creeps back across the Iron Curtain the CIA backs a fake publishing empire run by a former Wehrmacht U boat commander that produces Germany s best jazz magazine Rid tracks the rise of leaking and shows how spies began to exploit emerging internet culture many years before WikiLeaks Finally he sheds new light on the 2016 election especially the role of the infamous troll farm in St Petersburg as well as a much more harmful attack that unfolded in the shadows Active Measures takes the reader on a guided tour deep into a vast hall of mirrors old and new pointing to a future of engineered polarization more active and less measured but also offering the tools to cut through the deception
