Returning from Injury Through Fitness Robert G. Beauchamp, 2017-04-20 When Robert G Beauchamp Ph D fell in May 2015 he knew he'd done some major damage. The ligament he tore in his right knee controlled motion which meant he'd need to undergo surgery and participate in a rehabilitation program to regain abilities he'd lost. It wasn't the first time he'd suffered an accident, however, and he knew that engaging in regular and vigorous exercise was the best option to regain his quality of life. In this memoir he shares how to achieve an improved quality of life and enhanced health via exercise, find renewed energy by focusing on physical fitness, cope with divorce, illness, and other problems by being more active, and approach physical fitness as a lifetime commitment. No matter how old you are or what challenges you face, you can transform your health and well-being by focusing on physical fitness. Motivate yourself to get in shape and challenge yourself to withstand the discomfort that goes along with Returning from Injury through Fitness.

Return to Fitness Bill Katovsky, 2011-01-22 Bill Katovsky was a two-time Hawaii Ironman finisher, a guy who bicycled solo across the U.S. an endurance athlete who competed in a three-day race, mountain bike race across Costa Rica. But through a series of misfortunes including depression, losing his dog, death in his family, and debilitating health problems, Katovsky went from being a multisport junkie to complete couch potato. He stopped working out for almost ten years. By the time he hit fifty, he decided it was time for a change. How he fought his way back to fitness is not only a riveting, brutally honest, and ultimately inspiring story, it is also a hands-on guide to help anyone reclaim health and well-being. Katovsky supplements his personal story with those of others successfully making a return to fitness: an astronaut who spent five months in space, a former Wall Street trader who lost seventy-five pounds and became Hawaii's Fittest CEO, a retired two-time world champion, Hawaii Ironman triathlete with a bum hip that needed replacing, a Yosemite park employee who broke her spine in a hiking accident and is now back on the trails, and a sixty-something business educator who's had six heart bypasses but still backpacks and goes to the gym. With the advice of personal trainers, fitness experts, and multisport coaches, Katovsky offers a wealth of useful information including Diet and nutrition, what you need to know for a healthy body, How aging, body fat, and motivation affect physical and mental health, and why exercise is good for depression.
