Critical Comparisons in Politics and Culture John Richard Bowen,John Bowen,Roger Petersen,1999-10-07 Debating the problem of comparison in politics and culture this work takes up a variety of topics from nationalist violence and labour strikes to ritual forms and religious practices The contributors criticise conventional forms of comparative method and introduce new comparative strategies

Statistical Methods in Medical Research Peter Armitage,Geoffrey Berry,J. N. S. Matthews,2013-07-01 The explanation and implementation of statistical methods for the medical researcher or statistician remains an integral part of modern medical research This book explains the use of experimental and analytical biostatistics systems Its accessible style allows it to be used by the non mathematician as a fundamental component of successful research Since the third edition there have been many developments in statistical techniques The fourth edition provides the medical statistician with an accessible guide to these techniques and to reflect the extent of their usage in medical research The new edition takes a much more comprehensive approach to its subject There has been a radical reorganization of the text to improve the continuity and cohesion of the presentation and to extend the scope by covering many new ideas now being introduced into the analysis of medical research data The authors have tried to maintain the modest level of mathematical exposition that characterized the earlier editions essentially confining the mathematics to the statement of algebraic formulae rather than pursuing mathematical proofs Received the Highly
