Creating a Tween Collection Karen M. Smith, 2019-04-15 Specialized collections for tweens or middle schoolers are relatively new and becoming increasingly popular This Practical Guide gives librarians everything they need to create such a collection Beginning with a brief description of the early adolescent brain and developmental stages and a history of youth and teen services in libraries *Creating a Tween Collection* provides a solid foundation on which librarians can build support for such a collection In addition librarians will be given specific criteria for what constitutes tween literature guidelines for forming parameters that will work for their community and suggestions for using reviews and other sources in selecting appropriate materials and dealing with controversial titles Finally readers will learn how to re allocate spaces and budgets and how to market their new collection to patrons This is a must read for librarians who are looking to build a middle school collection in order to better serve their patrons This book Provides rationale about the importance of a specialized Tween Collection Gives specific examples for both fiction and nonfiction books databases and websites Provides guidance for creating diverse collections and tips for dealing with possible challenges Includes numerous case studies and booklists
