The NBA's Global Empire Joshua K. Wright, 2025-03-05 During the 1992 Summer Olympics in Barcelona the Dream Team a collective of the National Basketball

Association's top talent led by Michael Jordan Magic Johnson Larry Bird and Charles Barkley shook up the world as they amazed spectators and opponents on their way to winning gold Their success introduced the world to the NBA's charismatic superstars and their artistic brand of basketball Over the next two decades youth outside of America dreamed of becoming the next Michael Jordan Kobe Bryant and LeBron James The NBA took advantage of its popularity in China by forming lucrative television and streaming deals and opening training academies By the 2022-23 NBA season there were 109 international players from 39 countries a Canadian franchise and a league in Africa Today's best players are Africans Canadians and Europeans like Nikola Jokic and Victor Wembanyama This book presents the history of the NBA's ascension to a billion dollar global empire analyzing the globalization of American sports since the end of the Cold War and the dawn of the millennium How essential is globalization for the NBA to thrive in the 21st century Do the benefits outweigh the geopolitical controversies associated with being a global brand Is globalization responsible for a decline in American born NBA players and declining domestic popularity These questions and others are answered in this first treatment of the NBA's global reach

Middle Class Shanghai Cheng Li, 2021-05-11 The United States may be headed toward a disastrous conflict with China unless Washington updates its understanding of contemporary Chinese society After four decades of engagement the United States and China now appear to be locked on a collision course that has already fomented a trade war seems likely to produce a new cold war and could even result in dangerous military conflict The current deterioration of the bilateral relationship is the culmination of years of disputes disillusionment disappointment and distrust between the two countries Washington has legitimate concerns about Beijing's excessive domestic political control and aggressive foreign policy stances just as Chinese leaders believe the United States still has futile designs on blocking their country's inevitable rise to great power status Cheng Li's Middle Class Shanghai argues that American policymakers must not lose sight of the expansive dynamism and diversity in present day China The caricature of the PRC as a monolithic Communist apparatus set on exporting its ideology and development model is simplistic and misguided Drawing on empirical research in the realms of higher education avant garde art architecture and law this unique study highlights the strong constructive impact of bilateral exchanges Combining eclectic human stories with striking new data analysis this book addresses the possibility that the development of China's class structure and cosmopolitan culture exemplified and led by Shanghai could provide a force for reshaping U S China engagement Both countries should build upon the deep cultural and educational exchanges that have bound them together for decades The author concludes that U S policymakers should neither underestimate the role and strength of the Chinese middle class nor ostracize or alienate this force with policies that push it toward jingoistic nationalism to the detriment of both countries and the global community With its unique focus this book will enlighten policymakers scholars business leaders and anyone interested in China and its increasingly fraught relations with the United States

The Uses and Abuses of Weaponized Interdependence Daniel W. Drezner, Henry Farrell, Abraham L.

Newman,2021-03-02 How globalized information networks can be used for strategic advantage Until recently globalization was viewed on balance as an inherently good thing that would benefit people and societies nearly everywhere Now there is growing concern that some countries will use their position in globalized networks to gain undue influence over other societies through their dominance of information and financial networks a concept known as weaponized interdependence In exploring the conditions under which China Russia and the United States might be expected to weaponize control of information and manipulate the global economy the contributors to this volume challenge scholars and practitioners to think differently about foreign economic policy national security and statecraft for the twenty first century The book addresses such questions as What areas of the global economy are most vulnerable to unilateral control of information and financial networks How sustainable is the use of weaponized interdependence What are the possible responses from targeted actors And how sustainable is the open global economy if weaponized interdependence becomes a default tool for managing international relations

Jet ,1986-12-08 The weekly source of African American political and entertainment news *Jet* ,1986-12-08 The weekly source of African American political and entertainment news **Focus On: 100 Most Popular United States Men's National Basketball Team Players** Wikipedia contributors, **Jayhawker** Andrew Malan Milward,2019-10-21 Wars ravage Iraq and Afghanistan An earthquake devastates Haiti The economy is in crisis and America is in the death grip of partisan politics But what really really gets you down Your college basketball team loses a key game It kind of makes a person wonder first of course about his priorities but then inevitably about the nature of such an obsession one clearly shared with millions of sports fans spanning the United States In a book that begins with one fan s passion for a game Andrew Malan Milward takes a deep dive into sports culture team loyalty and a shared sense of belonging and what these have to do with character home and history At the University of Kansas where the inventor of the sport coached its first team basketball is a religion and Milward is a devoted follower with a faith that has grown despite time and distance Jayhawker his first venture into nonfiction bears the marks of the accomplished storyteller Sharply observed deftly written and often as dramatic as its subject the book pairs personal memoir with cultural history to conduct us from the world of the athlete to the literary life from competition to camaraderie from the history of the game to the game as a reflection of American history at its darkest hour and in its shining moments A journey through one man s obsession with basketball Jayhawker On History Home and Basketball tells a quintessential American story **Strongest Deceptive System** Wo ChiBaoMiHua,2020-09-17 When Diaosi Shangliang was separated by his girlfriend he got a system possession and from then on embarked on a disheartened counterattack **Jet** ,1984-10-29 The weekly source of African American political and entertainment news *Jet* ,1984-10-29 The weekly source of African American political and entertainment news *Jet* ,1984-10-29 The weekly source of African American political and entertainment news **A Soaring Season** Aaron Bracy,2025-03-01 The 2003 04 season was a dream for anyone in the orbit of Saint Joseph s basketball Being a student on

Hawk Hill at the time I lived every second of it and long assumed I knew everything imaginable about that team and that time Aaron Bracy proved otherwise A Soaring Season isn't only a joyous echo of those days but it's a deeply reported dive into all the coincidental circumstances required for ordinary people to go extraordinary places Brendan Quinn The Athletic In the 2003-04 season Saint Joseph's became the most unlikely and most incredible story in college basketball The underdog Hawks captivated the entire city of Philadelphia and much of the nation with a unique guard oriented style and team first mentality featuring players who were not wanted by power conferences Big time programs passed over star point guard Jameer Nelson because of his height but Nelson played an oversized sensational game that dwarfed his 5 feet 11 inches height Nelson's backcourt mate Delonte West was a lightly recruited prospect out of high school but transformed himself into an NBA first round draft pick with a work ethic and competitive drive that never had been seen before or since on Hawk Hill Outspoken head coach Phil Martelli overlooked for the only job he had ever wanted until he was nearly 41 years old surrounded Nelson and West with a perfect cast of complementary players Individually none of Nelson and West's teammates would be mentioned as an All American candidate Put all of the Hawks together however and you had a practically unstoppable force Not only did the players accept their roles they relished them And each one's contribution from Nelson and West all the way down to former cheerleader and walk on Robert Hartshorn was crucial to the entire team's success The Hawks spurred on by a mascot who never stops flapping its wings and a never quit school mantra The Hawk Will Never Die played their games in a gym that wasn't even as modern as many high schools Not much about the Hawks home felt big time not much that is except their team It was this low budget mom and pop men's basketball program that overcame seemingly insurmountable odds to complete a perfect regular season rise to the unanimous No. 1 ranking in the country and become the envy of the blue bloods of the sport St Joe's provided hope then and today by reminding everyone that you don't have to be the biggest to beat the biggest or have the best to be the best
