Paving Your Path To Policing The Reality Of Recruitment:

Paving Your Path to Policing Jeffrey Lurie, 2015-06-17 What does it really mean to protect and serve When Jeffrey H Lurie first discovered that law enforcement would be his life's calling he didn't have the answer In fact he had not a clue let alone how to start doing it for a living He only knew he'd have to forge his own career path and that it would involve a lot more than watching episodes of CSI and Law Order Today Sergeant Jeffrey H Lurie has taken all his experience and expertise and turned it into a practical informative and fascinating guide to becoming a police officer Far from the constant adrenaline rushes wisecracking partners and tidy endings seen on television programs real life policing requires a level of commitment intelligence and self sacrifice that's not for the faint of heart But for those ready to put their lives on the line for their community and willing to do the less glamorous paperwork that goes with the territory this guide offers invaluable advice on how to earn an officer's badge Far from a boring how to manual Sergeant Lurie's personal anecdotes will excite you and his insider advice offers you steady footing and a clear path as you start your journey **Congressional Record** United States. Recruiting and Retaining America's Finest Jeremy M. Wilson, Bernard Rostker, Cha-Chi Fan, 2010 Personnel management is a critical but oft neglected function of police organizations While much attention is given to recruiting and retention these are only tools for accomplishing a larger goal achieving and maintaining the profile of officers by experience and rank that satisfies agency needs and officer career aspirations Police agencies often have little ability to assess their organization and environment and they receive little guidance on how best to build and maintain their workforces In this monograph the authors seek to fill the gap of information available to police agencies through a survey on their recruitment and retention practices The survey sent to every U S police agency with at least 300 sworn officers sought to document such characteristics as authorized and actual strength by rank officer work and qualifications compensation and recruiting efforts The authors used these data to provide an overview of current recruitment and retention practices to describe how they affected police recruitment and personnel profiles and to identify future research needs Findings include that police compensation city size and crime rates had statistically significant effects on police recruiting Advertising and recruiting

incentives had little effect on the number of recruits Cohort sizes and structures highlighted current and future personnel management challenges To facilitate comparative and longitudinal analyses of police staffing the authors recommend ongoing national data collection P 4 of cover
