How are professors paid Can the best and brightest be attracted to the academic profession With universities facing international competition which countries compensate their academics best and which ones lag behind Paying the Professoriate examines these questions and provides key insights and recommendations into the current state of the academic profession worldwide Paying the Professoriate is the first comparative analysis of global faculty salaries remuneration and terms of employment Offering an in depth international comparison of academic salaries in twenty eight countries across public private research and non research universities chapter authors shed light on the conditions and expectations that shape the modern academic profession The top researchers on the academic profession worldwide analyze common themes trends and the impact of these matters on academic quality and research productivity In a world where higher education capacity is a key driver of national innovation and prosperity and nations seek to fast track their economic growth through expansion of higher education systems policy makers and administrators increasingly seek answers about what actions they should be taking Paying the Professoriate provides a much needed resource illuminating the key issues and offering recommendations *International Faculty in Higher Education* Maria Yudkevich,Philip G. Altbach,Laura E. Rumbley,2016-11-25 In an interconnected and globally competitive environment faculty mobility across countries has become widespread yet is little understood Grounded in qualitative methodology this volume offers a cutting edge examination of internationally mobile academics today and explores the approaches and strategies that institutions pursue to recruit and integrate international teachers and scholars into local universities Providing a range of research based insights from case studies in key countries this resource offers higher education scholars and administrators a comparative perspective helping to explain the impact that international faculty have on the local university as well as issues of retention promotion salaries and the challenges faced by these internationally mobile academics **Globalization on the Margins (2nd Edition)** Iveta Silova,Sarfarozi Niyozov,2020-01-01 Reflecting on almost three decades of postsocialist transformations the second edition of *Globalization on the Margins* explores continuities and changes in Central Asian education development since the dissolution of the Soviet Union in 1991 with a particular focus on the developments that took place since the production of the first edition in 2011 Rather than viewing these transformations in isolation the authors place their analyses within the global context by reflecting on the interaction between Soviet legacies and global education reform pressures in the Central Asian countries of Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan This new edition in addition to a revised introduction and a newly added conclusion consists of four thematic sections each reflecting a key theme in the educational life of the Central Asian states These thematic sections introduction and conclusion collectively update our understanding of the recent developments and challenges in education of the five Central Asian states They however go beyond mere

information update so as to complicate re engage re form and re define the margins taking up margins a conceptual geographic cultural and geo political construct Notwithstanding the diversity of local and international authors variety of theoretical perspectives methodological approaches and conceptual lenses the essays reveal the complexity and uncertainty of the post socialist education transformations Instead of portraying the transition process as the influx of Western ideas into the region Globalization on the Margins provides new lenses to critically example education as a contested field of diverse perspectives competing forces and multidirectional flow of ideas concepts and reforms in Central Asia

Hindsight famously brings clarity And much of what happened after the fall of the Berlin Wall and the collapse of the Soviet Union has now been correctly deeded over to historians Nonetheless we ignore that history at our peril The contributors to this volume show that carefully textured and historically attuned education research generates deep insights into ongoing transformations and the political cultural social and economic structures relations and practices that do the work of producing margins and centers in the first place Noah W Sobe Loyola University Chicago Globalization on the margins and at the epicentre of the battles of the Great Powers Two excellent educators Sarfarozi Niyozov and Iveta Silova compiled a timely and long awaited scholarly work based on empirical research in societies which had similar history close to three decades ago All the contributors are prolific educators who know the education system from within and without who either hailed from the region or have spent a considerable amount of time to know the systems well The book contains remarkable stories of education through the ups and downs of historical evolution It is a must read primer for anyone interested in learning about high quality research in the field of education in Central Asia It is a huge contribution to educational research with an impact on research and teaching for years to come Duishon Shamatov Nazarbayev University Kazakhstan The challenge of moving Central Asia from the borders of the Soviet Empire to the world s center is the focus of the discussions in Globalization on the Margins The transition to the Western models of education was happening in the context of major paradigm shift which entire humanity was experiencing and which could be described as the arrival of the new post industrial civilization During this process Central Asian countries have been pushed to the margins because their contribution to the wealth of the new world know how was much less pronounced than that of their Western neighbours Therefore investment into the research that contributes to local knowledge production seems a natural solution to the problem All the contributors to this book have a vast experience in the region and many of their observations are thought provoking This is a very insightful and much needed book Elena Lenskaya Moscow School of Social and Economic Sciences Russia

[The Global Academic Rankings Game](#) Maria Yudkevich, Philip Altbach, Laura Rumbley, 2016-03-02 The Global Academic Rankings Game provides a much needed perspective on how countries and universities react to academic rankings Based on a unified case methodology of eleven key countries and academic institutions this comprehensive volume provides expert analysis on this emerging phenomenon at a time when world rankings are becoming increasingly visible and

influential on the international stage Each chapter provides an overview of government and national policies as well as an in depth examination of the impact that rankings have played on policy practice and academic life in Australia Chile China Germany Malaysia the Netherlands Poland Russia Turkey the United Kingdom and the United States The Global Academic Rankings Game contributes to the continuing debate about the influence of rankings in higher education and is an invaluable resource for higher education scholars and administrators as they tackle rankings in their own national and institutional contexts *Paying the Professoriate* Philip G.
