Pdf Global Governance Democracy Multidisciplinary Analysis:

Global Governance and Democracy Jan Wouters, Antoon Braeckman, Matthias Lievens, Emilie Bécault, 2015-09-25

Globalization needs effective global governance The important question of whether this governance can also become democratic is however the subject of a political and academic debate that began only recently This multidisciplinary book aims to move this conversation forward by drawing insights from international relations political theory international law and international political economy Focusing on global environmental economic security and human rights governance it sheds new light on the democratic deficit of existing global governance structures and proposes a number of tools to overcome it

The Commons and a New Global Governance Samuel Cogolati, Jan Wouters, 2018-12-28 Given the new found importance of the commons in current political discourse it has become increasingly necessary to explore the democratic institutional and legal implications of the commons for global governance today This book analyses and explores the ground breaking model of the commons and its relation to these debates

The G20, Development and the UN Agenda 2030 Dries Lesage, Jan Wouters, 2022-12-31 This book offers a unique assessment of the G20 s development agenda and its potential to be an impactful actor in the global architecture of development cooperation Representing two thirds of the world population 85 percent of economic output 75 percent of global trade and 80 percent of carbon dioxide emissions the G20 embodies an overwhelming concentration of economic and political power enhanced through regular meetings of heads of state and government This position allows it the opportunity to play a significant role in ongoing multilateral policy processes but also to further undermine universal development governance at the UN already challenged by the Bretton Woods institutions OECD and G8 Providing context and a history of the G20 s involvement in development governance expert international contributors consider the outcome of major conferences the perspectives of China India and the EU the shift away from positions held by Western countries and the role of civil society They also offer in depth analysis of the G20 s engagement with issues concerning infrastructure food and agriculture taxation macro economic policy and the Sustainable Development Goals The book will be of interest to scholars and students of development international organisations and global governance

Chinese Perspectives on the International Rule of Law Matthieu Burnay, 2018-07-27 This insightful book investigates the historical political and legal foundations of the Chinese perspectives on the rule of law and the international rule of law Building upon an understanding of the rule of law as an essentially contested concept this book analyses the interactions between the development of the rule of law within China and the Chinese contribution to the international rule of law more particularly in the areas of global trade and security governance

Governing the Climate Change Regime Tim Cadman, Rowena Maguire, Charles Sampford, 2016-12-01 This volume the second in a series of three examines the institutional architecture underpinning the global climate integrity system This system comprises an inter related set of institutions governance arrangements regulations norms and practices that aim to implement the United Nations Framework

Convention on Climate Change UNFCCC Arguing that governance is a neutral term to describe the structures and processes that coordinate climate action the book presents a continuum of governance values from thick to thin to determine the regime's legitimacy and integrity The collection contains four parts with part one exploring the links between governance and integrity part two containing chapters which evaluate climate governance arrangements part three exploring avenues for improving climate governance and part four reflecting on the road to the UNFCCC's Paris Agreement The book provides new insights into understanding how systemic institutional and governance failures have occurred how they could occur again in the same or different form and how these failures impact on the integrity of the UNFCCC This work extends contemporary governance scholarship to explore the extent to which selected institutional case studies thematic areas and policy approaches contribute to the overall integrity of the regime

National Constitutions in European and Global Governance: Democracy, Rights, the Rule of Law Anneli Albi, Samo Bardutzky, 2019-05-29 This two volume book published open access brings together leading scholars of constitutional law from twenty nine European countries to revisit the role of national constitutions at a time when decision making has increasingly shifted to the European and transnational level It offers important insights into three areas First it explores how constitutions reflect the transfer of powers from domestic to European and global institutions Secondly it revisits substantive constitutional values such as the protection of constitutional rights the rule of law democratic participation and constitutional review along with constitutional court judgments that tackle the protection of these rights and values in the transnational context e g with regard to the Data Retention Directive the European Arrest Warrant the ESM Treaty and EU and IMF austerity measures The responsiveness of the ECJ regarding the above rights and values along with the standard of protection is also assessed Thirdly challenges in the context of global governance in relation to judicial review democratic control and accountability are examined On a broader level the contributors were also invited to reflect on what has increasingly been described as the erosion or twilight of constitutionalism or a shift to a thin version of the rule of law democracy and judicial review in the context of Europeanisation and globalisation processes The national reports are complemented by a separately published comparative study which identifies a number of broader trends and challenges that are shared across several Member States and warrant wider discussion The research for this publication and the comparative study were carried out within the framework of the ERC funded project The Role and Future of National Constitutions in European and Global Governance The book is aimed at scholars researchers judges and legal advisors working on the interface between national constitutional law and EU and transnational law The extradition cases are also of interest to scholars and practitioners in the field of criminal law Anneli Albi is Professor of European Law at the University of Kent United Kingdom Samo Bardutzky is Assistant Professor of Constitutional Law at the University of Ljubljana Slovenia

Adjudicating New Governance Emilia Korkea-aho, 2015-02-11 This book engages with and advances the current debate on new governance by providing a much

needed analysis of its relationship with the courts New modes of governance have produced a plethora of instruments and actors at various levels that present a challenge to more traditional forms of command and control regulation In this respect it is commonly maintained that new governance generally and political experimentation more broadly weakens the power of the courts producing a legitimacy problem for new forms of governance and perhaps more fundamentally for law itself Focusing on the European Union this book offers a new account of the role of the courts in new governance Connecting new governance with the conception of deliberative democracy this book demonstrates how the role of courts has been transformed by the legal and political experimentation currently taking place in the European Union Drawing on a series of case studies it is argued that although deliberations in governance frameworks provide little by way of hard binding law these collaborative frameworks nevertheless condition judicial decision making With far reaching implications for how we understand the justiciability of soft law participation rights the legitimacy of governance measures and the role of courts beyond the nation state this book argues that far from undermining the power of the courts governance regimes assist their functioning Its analysis will therefore be of considerable interest for lawyers political scientists and anyone interested in the transformation of the judiciary in the era of new governance **The Drive to Global Citizenship.** Ignace Pollet, Jan Van Ongevalle, 2013-11-12

Do we still believe in foreign aid and development education As governments tend to cut down aid budgets and the public appears to take a more and more sceptical stand not just the old way of campaigning is under pressure but also the idea of the North helping the South as such To materialize the hind laying value of global solidarity in the present world a radical re thinking of the wornout concept of aid is required Set against this paradox this book explores the new notion of global citizenship and the challenges it represents Self contained chapters feature coverage of a range of issues politics opinion polls education the results agenda private sustainability standards framing messages for TV broadcasting and the role of social media As it is a long road to global citizenship this book keeps you company for a part of the way Handbook of Research on Interdisciplinary Perspectives on the Threats and Impacts of Pandemics Omeraki Çekirdekci, Şahver, İngün Karkış, Özlem, Gönültaş, Suna, 2021-11-26 The COVID 19 pandemic shook the world to its core After a brief pause organizations of all kinds had to adapt to the new circumstances given to them with very little time The presence of the pandemic caused multiple threats that caused several disruptions to the norms beliefs and practices in various domains of everyday life Both from macro and micro perspectives individuals households markets institutions and governments developed strategies to respond to the new environment responses that hope to eliminate or at least decrease the threats of the COVID 19 pandemic The Handbook of Research on Interdisciplinary Perspectives on the Threats and Impacts of Pandemics explores the COVID 19 pandemic from an interdisciplinary perspective and determines how future pandemics may impact society Beginning as a health threat the pandemic has led the way to economic social psychological political and informational crises necessitating the examination of the phenomenon from different academic disciplines

Covering topics such as distance education human security and predictions this handbook of research is an essential resource for scholars managers media representatives governors health officials government officials policymakers students professors researchers and academicians *Climate Change and Global Policy Regimes* Timothy Cadman,2013-03-25 An analysis of the global climate talks and the key human systems threatened by increased greenhouse gas emissions including health refugee management energy production carbon markets and local government Researching Internet Governance Laura Denardis,Derrick Cogburn,Nanette S. Levinson,Francesca Musiani,2020-09-08 Scholars from a range of disciplines discuss research methods theories and conceptual approaches in the study of internet governance The design and governance of the internet has become one of the most pressing geopolitical issues of our era The stability of the economy democracy and the public sphere are wholly dependent on the stability and security of the internet Revelations about election hacking facial recognition technology and government surveillance have gotten the public s attention and made clear the need for scholarly research that examines internet governance both empirically and conceptually In this volume scholars from a range of disciplines consider research methods theories and conceptual approaches in the study of internet governance **Rules of Law and Laws of Ruling** Franz von Benda-Beckmann,Keebet von Benda-Beckmann,2016-04-08 Offering an anthropological perspective this volume explores the changing relations between law and governance examining how changes in the structure of governance affect the relative social significance of law within situations of legal pluralism The authors argue that there has been a re regulation rather than a de regulation propagated by a plurality of regulative authorities and this re regulation is accompanied by an increasing ideological dominance of rights talk and juridification of conflict Drawing on insights into such processes this volume explores the extent to which law is used both as a constitutive legitimation of governance and as the medium through which governance processes take place Highlighting some of the paradoxes and the unintended consequences of these regulating processes and the ensuing dynamics *Rules of Law and Laws of Ruling* will be a valuable resource for researchers and students working in the areas of legal anthropology and governance

Global Governance, Legitimacy and Legitimation Magdalena Bexell,2017-10-02 Rules set by global governance organizations affect communities across the world Such organizations increasingly seek to obtain legitimacy in the eyes of groups beyond their member state elites This book advances scholarly debate on the politics of legitimacy and legitimation in global governance It brings together researchers from different subfields of International Relations in order to highlight trends and contradictions in the contemporary politics of legitimacy across areas of sustainable development humanitarian relief responsible investment sustainable fisheries and labour standards The chapters explore legitimation efforts by various forms of global governance bodies such as intergovernmental organizations public private partnerships and fully private bodies The book demonstrates that different governance forms beyond the nation state share deep legitimacy challenges and engage in continuous legitimation attempts Questions on the audiences of such legitimation attempts are particularly pivotal

in understanding the politics of legitimacy Audiences are not predetermined but constituted through interaction between legitimization efforts and the reactions to those of targeted and other groups mirroring broader global power relations This book was published as a special issue of Globalizations Governance of Emerging Space Challenges Nikola Schmidt,2022-04-22 This edited volume discusses how even small nation states can make a significant difference in the future of space governance The book is divided into three main sections covering political theory case studies and space technology and applications Key topics of discussion include planetary defense space mining and high power systems in space Through these timely subjects the book presents strategies for developing a truly global governance framework in space based on the concept of a responsible cosmopolitan state Authored by a multidisciplinary group of researchers from the Czech Republic the volume will appeal to other scientific teams and policymakers looking to become pioneers of cosmopolitan space policies at a national and global level **Interdisciplinary Perspectives on Covid-19 and the Caribbean, Volume 1** Sherma Roberts, Halimah A. F. DeShong, Wendy C. Grenade, Dwayne Devonish, 2023-08-12 Caribbean countries have had to navigate multiple crises which have tested their collective resolve through time In this regard the region's landscape has been shaped by an interplay of vulnerability and resilience which has brought to the fore possibilities and contradictions It is within this context that the effects of the COVID 19 pandemic must be considered Interdisciplinary Perspectives on Covid 19 and the Caribbean Volume 1 The State Economy and Health provides a comprehensive multi and interdisciplinary assessment of the impact of the COVID 19 pandemic using the Caribbean as the site of enquiry The edited collection mobilises critical perspectives brought to bear on research produced within and beyond the boundaries and boundedness of conventional academic disciplinary divides in response to the multi dimensional crises of our time The culmination of this collection offers a reimagining of our Caribbean contemporary futures in the hope of finding home grown solutions avenues and possibilities This volume is divided into five 5 parts consisting of twenty four 24 chapters and weaves together thematic strands that focus on governance the macro and micro aspects of the economy tourism and hospitality business management and public health policy Together the chapters in this volume tell the story of the extent and effects of Caribbean governments response to the pandemic and the ways in which industries and organisations have had to pivot to survive and transform their management and operational practices Applied Technology Integration in Governmental Organizations: New E-Government Research Weerakkody, Vishanth, 2010-11-30 This book provides organizational and managerial directions to support the greater use and management of electronic or digital government technologies in organizations while epitomizing the current e government research available Provided by publisher Interdisciplinary Research in Technology and Management Satyajit Chakrabarti, Ashiq A. accelerating at a pace never seen before Inter disciplinary and collaborative research across disciplines within the Technology domain and Management domain and across the Technology Management interface is opening up exciting new possibilities for solving problems whose solutions are beyond the scope of a single discipline domain or practice and helping to create a brave new world We are living in an incredible time of change Our effort to hold such an interdisciplinary conference in the virtual mode apparently resonated across the academic community as was evident from the huge response that the first ever conference on Interdisciplinary Research in Technology and Management IRTM held in February 2021 had received from participants across many countries This has encouraged the organizers to hold the next edition of the conference physically in Kolkata on a larger scale in the online mode The pandemic unleashed by Covid 19 in the last two years has shaken the socio economic foundations of countries and societies to a point where the world cannot be the same as before the pandemic It has re focused the world s attention on the priority of healthcare and healthcare infrastructure and its innovative management Inevitably questions have again been raised more vehemently on what kind of a world we want to live in Environmental concerns are being pursued with renewed vigour The urgency of developing new robust infrastructure relevant for the new world is gaining wider consensus By 2030 as reports suggest cyber physical systems internet of things and wearable technology will be everywhere and in everything renewable energy will power the world and digital entertainment will take centre stage among other developments The third edition of the conference on Interdisciplinary Research in Technology and Management attempts to spotlight the above concerns The number of tracks on which papers are invited from scholars researchers consultants and practitioners to share their interdisciplinary research and consultative work has been enlarged As before the papers will be peer reviewed and authors of the selected papers will be invited to present their papers in the IRTM conference The presentation of papers will be interspersed with Keynote Talks by eminent experts on the theme of the conference or individual domains

Global Legitimacy Crises Thomas Sommerer, Hans Agné, Fariborz Zelli, Bart Bes, 2022-07-14 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Global Legitimacy Crises addresses the consequences of legitimacy in global governance in particular asking when and how do legitimacy crises affect international organizations and their capacity to rule The book starts with a new conceptualization of legitimacy crisis that looks at public challenges from a variety of actors Based on this conceptualization it applies a mixed methods approach to identify and examine legitimacy crises starting with a quantitative analysis of mass media data on challenges of a sample of 32 IOs It shows that some but not all organizations have experienced legitimacy crises spread over several decades from 1985 to 2020 Following this the book presents a qualitative study to further examine legitimacy crises of two selected case studies the WTO and the UNFCCC Whereas earlier research assumed that legitimacy crises have negative consequences the book introduces a theoretical framework that privileges the

activation inherent in a legitimacy crisis It holds that this activation may not only harm an IO but could also strengthen it in terms of its material institutional and decision making capacity The following statistical analysis shows that whether a crisis has predominantly negative or positive effects depends on a variety of factors These include the specific audience whose challenges define a certain crisis and several institutional properties of the targeted organization The ensuing in depth analysis of the WTO and the UNFCCC further reveals how legitimacy crises and both positive and negative consequences are interlinked and that effects of crises are sometimes even visible beyond the organizational borders **Food, Nature &**
