Pdf Marcel Broodthaers Christophe Cherix:

Marcel Broodthaers Manuel J. Borja-Villel, Christophe Cherix, B. H. D. Buchloh, Kim Conaty, Cathleen Chaffee, Christian Rattemeyer, Jean-François Chévrier, Thierry de Duve, 2016 Marcel Broodthaers's Belgian 1924–1976 extraordinary output across mediums placed him at the center of international activity during the transformative decades of the 1960s and 1970s. Throughout his career from early objects variously made of mussels, eggshells and books of his own poetry to his most ambitious project the Musée d'Art Moderne Département des Aigles and the Décor made at the end of his life Broodthaers occupied a unique position often operating as both innovator and commentator. Setting a precedent for what we call installation art today his work has had a profound influence on a broad range of contemporary artists and he remains vitally relevant to cultural discourse at large. Published to accompany the artist's first museum retrospective in New York, Marcel Broodthaers examines the artist's work across all mediums. Essays by the exhibition organizers Christophe Cherix and Manuel Borja-Villel along with a host of major scholars including Benjamin H. D. Buchloh, Jean-François Chévrier, Thierry de Duve and Doris Krystof provide historical and theoretical context for the artist's work. The book also features new translations of many of Broodthaers's texts.

Marcel Broodthaers Benjamin H. D. Buchloh, 2016 This catalog and the corresponding exhibition on Marcel Broodthaers are the result of the knowledge and commitment of many individuals both inside and outside the Museum of Modern Art in New York. MoMA, the Museo Nacional Centro de Arte Reina Sofía (MNCARS) and the Kunstsammlung Nordrhein-Westfalen. Many of the texts of this catalog are rooted in the presentations and discussions at the Broodthaers seminar at MoMA in 2014 that brought together many of the curators, scholars, gallerists and artists whose contributions would lay the foundation for this catalog, making it a seminar book about the artist.

Marcel Broodthaers, 1975

Marcel Broodthaers, 2022 Gomide Co is excited to present Marcel Broodthaers Décor, the first solo exhibition of the Belgian artist in Brazil. Opening on April 2nd at 11am, the show will be open to the public until May 28th, 2022. The exhibition presents a set of 37 works made by Broodthaers between 1963 and 1975, who has already had retrospectives of his work at the MoMA, The Museum of Modern Art in New York, at Museo Nacional Centro de Arte Reina Sofía in Madrid, besides a vast history of solo shows in institutions such as Tate Gallery London, Hamburger Bahnhof Berlin, Walker Art Center Minneapolis, Jeu de Paume Paris, among others. Marcel Broodthaers (1924–1976) was born in Brussels, Belgium, and worked substantially as a poet until his 40s when in 1964 he proclaimed himself a visual artist. In his 12 years as an artist before his untimely death in 1976, he created a large and influential body of work ranging from his early objects made of books of his own poetry, mussels and eggshells to his more ambitious projects such as the Musée d'Art Moderne Département des Aigles, Museum of Modern Art, Department of Eagles, and his distinctive Décor. The latter brought unprecedented exhibition configurations, one of the reasons why Broodthaers continues to exercise a significant influence on a wide range of artists and is of fundamental

relevance to the discourse of contemporary culture and society in general In 1968 Broodthaers declared that he was no longer an artist and appointed himself director of his own museum The Musée d'Art Moderne Département des Aigles was Marcel Broodthaers' fictional museum in which instead of devoting himself to the exhibition of art objects Broodthaers focused on the production of materials analogous to museum activities such as documentation posters invitations advertising and finances By assuming the position of an authority figure the museum director Broodthaers questioned the formalities and structural problems of museums and the criteria for legitimizing a work of art providing a rich commentary on the role of institutions in society Over the course of four years the Museum functioned circumstantially with itinerant passages through seven cities These passages acted as sectors or sections and constituted 12 temporary presentations that were not limited to a single language but sought to synthesize the complexity of Broodthaers' work through films artworks objects catalogs and exhibition invitations Three of these sections were featured in Kassel's documenta 5 in 1972 the Publicity Section the Modern Art Section and the Gallery of the 20th Century Another work from this period La Salle Blanche from 1975 acquired by the Centre Pompidou in 1989 and exhibited at the 22nd São Paulo Biennial Rupture with the support in 1994 makes direct reference to the Musée d'Art Moderne Département des Aigles It is a full scale reproduction of the studio where the museum project was born in 1968 In the work the walls and ceiling have been filled with inscriptions of words in French that evoke the art world such as toile canvas huile oil composition composition ombre shadow among others The recurrent pictorial treatment of words reinforces the importance of writing and words in Broodthaers' work as a whole What is painting Well it is literature What is literature then Well it is painting Marcel Broodthaers What is Painting c 1963 in Marcel Broodthaers London Tate Gallery 1980 p 27 One of the highlights of the exhibition is the installation from 1974 Ne dites pas que je ne l'ai pas dit consisting of two palm trees a Congo parrot a display case containing two copies of the catalog of his 1966 homonymous exhibition at the Wide White Space Gallery a 1966 copy and a 1974 reprint set to a recording of the artist reading his poem Moi Je dis Je Moi Je dis In his last years Broodthaers began to assemble older works with recent works adding new elements to them This process resulted in installation works that ended up acting as retrospectives of his own work wittily subverting the concept of retrospective and evoking the mutability of the artist's narrative regarding the context and circumstance in which the work is presented Similarly in the video La Pluie projet pour un texte from 1969 shown in Brazil in 2006 at the 27th Bienal de São Paulo How to live together where Broodthaers obstinately tries to write a text with an ink pen in the rain until he finds himself overpowered it is through this irony recurrent in his works that Broodthaers introduces a critical commentary on the artist's sincerity as a product of the circumstances and the contradictions of artistic production of its revolutions and its paradoxes contesting the idea of authenticity as in the series of silkscreens La Signature 1969 an unlimited edition signed of the repetitive reproduction of his signature The exhibition also presents some examples of the Poèmes Industriels series that the artist created between 1968

and 1972 while director of the Musée d'Art Moderne Département Les Aigles These are plates that use image as text and text as image and about them Broodthaers said Know that these plates are made just as waffles are made His words are not as arbitrary as they seem since the Poèmes are plates made of injected melted plastic vacuum thermoforming an industrial technique widely used to make advertisements as well as the classic Belgian dish made of a mixture of flour and eggs pressed between two burning metal surfaces Therefore Broodthaers suggests another critical commentary on the effects of advertising and mass production The Poèmes Industriels series was recently featured in an unprecedented exhibition at WIELS in Brussels which brought together 120 plates plus more than a hundred documents drawings and letters The exhibition Marcel Broodthaers Décor at GOMIDE Co is an opportunity to witness the most extensive grouping of the artist's works held in the country since 2006 the year in which Broodthaers figures as an essential artist for the premise of the 27th São Paulo Biennial curated by Lisette Lagnado In this way we hope to reintroduce to the Brazilian public the fertile production of an outstanding artist who elaborated and subverted the thought and practice of art in an insightful way that remains current to this day After organizing important exhibitions of artists such as Joseph Beuys Bruce Conner and Martin Kippenberger Marcel Broodthaers exhibition at GOMIDE Co reaffirms the gallery's commitment on maintaining an open dialogue with exponents of conceptual art Press release from gallery **Marcel Broodthaers [MTL, 1970].**, 1970
