Unleashing the Power of Faith David Yonggi Cho, 2006 Presents a lesson that shows the power in possibilities The Routledge Handbook of Megachurches Afe Adogame, Chad M. Bauman, Damaris Parsitau, Jeaney Yip, 2024-05-07 The Routledge Handbook of Megachurches provides a survey of global megachurch phenomena with an international slate of authors introducing existing and emerging research on a wide variety of relevant topics Over the past decade the field of megachurch studies has matured and become global in its scope and orientation The Handbook offers 33 chapters by top scholars in the field focusing in particular on The location demographic nature and transnational connections of megachurches Megachurch worship hermeneutics and theology in theory and practice Megachurch institutional dynamics The various ways that megachurches have both influenced and been influenced by their social contexts in terms of class age gender sexuality and pop culture The Handbook s interdisciplinary orientation makes it essential reading for sociologists political scientists anthropologists media specialists pop culture observers business strategists leadership consultants marketing analysts scholars of religion and Christian historians theologians and missiologists Experienced scholars of megachurches will gain valuable insight into aspects of megachurch research beyond their own specializations Scholars new to the field will find the chapters useful as signposts for where to begin their own academic exploration Christian pastors and laypeople will learn more about this increasingly prominent and influential form of their faith Spirit Hermeneutics Keener, 2016 How do we hear the Spirit s voice in Scripture Once we have done responsible exegesis how may we expect the Spirit to apply the text to our lives and communities In Spirit Hermeneutics biblical scholar Craig Keener addresses these questions carefully articulating how the experience of the Spirit that empowered the church on the day of Pentecost can and should dynamically shape our reading of Scripture today Keener considers what Spirit guided interpretation means explores implications of an epistemology of Word and Spirit for biblical hermeneutics and shows how Scripture itself models an experiential appropriation of its message Bridging the Word Spirit gap between academic and experiential Christian approaches Spirit Hermeneutics narrates a way of reading the Bible that is faithful both to the Spirit inspired biblical text and the experience of the Spirit among believers from book flap **The Cambridge Companion to Pentecostalism** Cecil M. Robeck, Amos Yong, 2014-08-11 This volume reviews manifestations of Pentecostalism throughout the world and explores what it means to be Pentecostal through multidisciplinary perspectives **Dr. David Yonggi Cho** David Yonggi Cho, 2008 A commemorative look at 50 years of Dr Cho s ministry of hope released in time for his retirement this summer Over the years as he struggled to bring hope to people and build his church God taught Dr Cho not to depend upon himself but totally upon the Holy Spirit In this book Dr Cho tells the stories of his temptations and doubts failures and successes and how the Holy Spirit was with him in every situation The teaching in this book will inspire the reader to stand strong in the face of adversity doubt and fear Followers worldwide will add this highly anticipated autobiography to their collection of Dr Cho s coveted

works     **The New Faces of Christianity** Philip Jenkins, 2006-09-01 Named one of the top religion books of 2002 by USA Today Philip Jenkins's phenomenally successful *The Next Christendom* permanently changed the way people think about the future of Christianity. In that volume Jenkins called the world's attention to the little noticed fact that Christianity's center of gravity was moving inexorably southward to the point that Africa may soon be home to the world's largest Christian populations. Now in this brilliant sequel Jenkins takes a much closer look at Christianity in the global South revealing what it is like and what it means for the future. The faith of the South Jenkins finds is first and foremost a biblical faith. Indeed in the global South many Christians identify powerfully with the world portrayed in the New Testament: an agricultural world very much like their own, marked by famine and plague, poverty and exile, until very recently a society of peasants, farmers and small craftsmen. In the global South, as in the biblical world, belief in spirits and witchcraft are commonplace and in many places such as Nigeria, Indonesia and Sudan Christians are persecuted just as early Christians were. Thus the Bible speaks to the global South with a vividness and authenticity simply unavailable to most believers in the industrialized North. More important, Jenkins shows that throughout the global South believers are reading the Bible with fresh eyes and coming away with new and sometimes startling interpretations. Some of their conclusions are distinctly fundamentalist, but Jenkins finds an intriguing paradox: for they are also finding ideas in the Bible that are socially liberating, especially with respect to women's rights. Across Africa, Asia and Latin America such Christians are social activists in the forefront of a wide range of liberation movements. It's hard to overstate how interesting, how eye-opening, how frequently surprising and sometimes disturbing Jenkins' findings are. Anyone interested in the implications of these trends for the major denominations, for Muslim-Christian conflict and for global politics will find *The New Faces of Christianity* provocative and incisive and indispensable.

**Accountability in Missions** Jonathan J. Bonk, 2011-10-21 The Korean missions movement is perhaps the most significant story of the Church in the world over the past one hundred years. Today Korea can boast of being the leading sender of missionaries per head of population. Yet this movement has not been well integrated into the global mission community and also this community has at times failed to understand and learn from this tremendous work of God. I am excited that God has brought together a unique body of people to wrestle with these issues. This work will help bring about much needed collaboration and develop each other's strengths in an environment of mutual respect. MALCOLM L. MCGREGOR, SIM International Director. *Accountability in Missions* is a remarkable book exploring the full range of mission accountability issues: strategic, financial and relational from both Korean and North American perspectives. This is global missiology made practical and accessible to all missions practitioners. The many articles that penetrate the mysteries of Korean and North American interaction especially make it a must-read book for all Koreans and North Americans working together.
