Violence and Communication Jose Antonio Mingolarra, Carmen Arocena, Rosa Martin Sabaris, 2012 Combining the terms violence and communication is a difficult complex incomplete and perhaps impossible task yet Violence and Communication seeks to demonstrate both generic and particular aspects of the expression and representation of violence In a general sense this expression and representation of violence In a general sense the expression and its consequences are explored in diverse global historical examples of violent events including the Holocaust the genocide in Rwanda and 9 11 as well as in thematic issues such as women and sexuality poverty and inequality and the Internet and violence In a more particular sense the work also addresses terrorist violence in the Basque Country exploring specific topics such as its psychological effects in society and discursive consequences in the print media and on television The book examines the representation of these different forms of violence in both the visual media film television and photography and the printed word newspapers literature and so on In short the work attempts to visualize what have been often non visible forms of violence as well as critically analyze the multiple ways in which violence is represented and communicated

Minimum standards and recommendations for medical teams responding to highly infectious disease outbreaks World Health Organization, 2024-06-26 Infectious diseases with epidemic potential remain a significant and constant threat to the health and security of populations around the world requiring robust health emergency preparedness readiness and response systems and capacities at local and national levels Emergency Medical Teams EMTs the EMT Initiative and its global network focus on establishing common quality standards and recommendations for medical teams to respond to health emergencies rapidly and effectively as well as strengthening and supporting national capacities through strong collaboration and coordination This publication defines minimum standards for the establishment of such critical capacities in a predictable and quality assured manner and will enhance the interoperability between national regional and international capacities This will contribute to the development and classification of respective specialized care teams SCT within the EMT framework and will provide guidance to member states ministries of health national and international EMTs and other key stakeholders to develop capacities and trainings preparing for or responding to outbreaks of highly infectious diseases

Online safety

Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee,2014-03-19 The Culture Media and Sport Committee s inquiry has focused on three disparate aspects of online content and behaviour all of which are of widespread concern illegal content especially images of child abuse harmful adult content being made freely available to children bullying and harassment on social media The Committee praises the work of the Child Exploitation and Online Protection CEOP Command now part of the new National Crime Agency and the Internet Watch Foundation but calls for more resources to be devoted to their valuable work All three elements of CEOP s mission education social care and criminal justice need to be actively pursued and publicised Tracing paedophiles who share images on peer to peer networks and the so called hidden internet continues to challenge both the police and the internet service providers Legal adult pornography is widely consumed but children should be protected from viewing that material Legal adult sites could restrict access by children in a number of ways Age verification is important and whilst filters may not be failsafe they continue to improve and are an important way of protecting children from harmful content Ofcom has an important role in monitoring internet content and advising the public on online safety and more needs to be done to signpost the advice and educational resources available to both parents and teachers Today one in five 12 16 year olds think being bullied online is part of life Social media providers should offer a range of prominently displayed options for and routes to reporting harmful content and communications *Santa Clara Computer and High-technology Law Journal* ,2000 **Encyclopedia of Children, Adolescents, and the Media** Jeffrey Jensen Arnett,2006-12-14 From Internet censorship to sex and violence on television and in video games to debates over rock lyrics the effect of media on children and adolescents is one of the most widely debated issues in our society The Encyclopedia of Children Adolescents and the Media presents state of the art research and ready to use facts on the media s interaction with children and adolescents With more than 400 entries the two volumes of this resource cover the traditional and electronic media and their controversial impact for good and ill on children and adolescents **The Victimization of Children** Janet L. Mullings,James Walter Marquart,Deborah J. Hartley,2004 This book provides insights into such contemporary issues as victimization of children via the Internet short and long term effects of terrorism on children and applying new technologies to understanding spatial distribution of child abuse *The Gale Encyclopedia of Children's Health* Kristine M. Krapp,Jeffrey Wilson,2005 Arranged alphabetically each volume provides in depth coverage of pediatric diseases and disorders along with issues related to physical and cognitive behavioral development *Southern University Law Review* Southern University and A & M College. School of Law,2010 **Health and Wellness** Margo M. Harris,2005 Presents facts tables charts and statistics on several aspects of health and wellness in the U S **Children, Media and Consumption** Karin M. Ekström,Birgitte Tufte,2007 *Florida Law Review* ,2005 Information Plus Cengage Gale,Information Plus,2004-10 The Information Plus Reference Series compiles all the pertinent data both current and historical on a wide variety of contemporary social issues Designed as ready reference tools
