Elinor Fry

Pdf Online Contours International Prosecutions Defined Jurisdiction:

The Contours of International Prosecutions Elinor Fry, 2016 By nature core international crimes have indistinct factual parameters War crimes crimes against humanity and genocide generally occur on a massive scale spread out over a large geographical area and a long time span involving many perpetrators at various distances from the crime scene s These characteristics make international crimes difficult to demarcate from start to finish This book addresses such delineation difficulties by exploring the jurisdictional and factual boundaries of international criminal prosecutions This entails researching those legal aspects that influence demarcation jurisdiction in terms of scope as well as institutional influence charges and identifying material facts by adequately distinguishing them from background information and evidence for the purpose of the indictment Back cover

Universal Jurisdiction Stephen Macedo, 2001 [The Jurisdiction of the International Criminal Court](#) Victor Tsilonis, 2019-12-06 The book provides a holistic examination of the jurisdiction of the International Criminal Court ICC The main focus is placed on the three pillars which form the ICC s foundation pursuant to the Rome Statute the preconditions to the exercise of its jurisdiction Article 12 Rome Statute the substantive competence i e the core crimes Article 5 8bis Rome Statute i e genocide crimes against humanity war crimes crime of aggression the principle of complementarity Article 17 1 a Rome Statute The latter governs the ICC s ultimate jurisdiction since it is not merely sufficient for a crime to be within the Court s jurisdiction according to the substantive geographical personal and temporal jurisdictional criteria but the State Party must also be unwilling or unable genuinely to carry out the investigation or prosecution Finally yet importantly the main negative preconditions for the Court s jurisdiction i e immunities Article 27 Rome Statute and exceptions via Security Council referrals are thoroughly examined The book is an excellent resource for scholars as well as practitioners and notably contributes to the existing literature [An Introduction to the International Criminal Court](#) William A. Schabas, 2001-07-05 Arguably the most significant international organization to be created since the United Nations the International Criminal Court ushers in a new era in the protection of human rights The direct descendant of the Nuremberg and Tokyo trials as well as those of the more recent international criminal tribunals for the Former Yugoslavia and Rwanda the International Criminal Court will prosecute genocide crimes against humanity and war crimes when national justice systems are either unwilling or unable to do so themselves This new book reviews the history of international criminal prosecution the drafting of the Rome Statute of the International Criminal Court and the principles of its operation including the scope of its jurisdiction and the procedural regime Three of the Court s fundamental documents the 1998 Rome Statute itself the Rules of Procedure and Evidence and the Elements of Crimes are reproduced in the Appendix Indispensable for students and practitioners
