Integrative Learning in US Undergraduate Public Health Education: Effective High-Impact Practices Andrew Harver, Katie Darby Hein, Terrel Lee Rhodes, 2020-01-28 This current Research Topic does not derive directly from Boyer's Model of Scholarship but nonetheless represents a well timed exploration and example of where higher education has progressed in bringing the innovative integrative conceptualization of higher education scholarship and practice laid out by Boyer to realization through the growing arena of undergraduate public health programs At the same time the authors included here were invited to specifically address a second arena of scholarly practice associated with additional elements of Boyer's legacy effective High Impact Practices HIPs practices that engage students faculty and often broader communities in integrative learning that connect academic and extra academic learning environments Undergraduate public health programs are perfectly positioned to provide a framework for integrated learning through High Impact Practices Such practices encompass not only the essential learning outcomes that employers continue to demand critical thinking working with diverse others written and oral communications ethics analysis etc but also a curriculum that is scaffolded and replete with opportunities to practice and enhance performance and application of knowledge and abilities to important personal social and global challenges and needs

The Creation of a Professional Learning Community for School Leaders Amalia Humada- Ludeke, 2013-09-03 The unwavering culture of continuous improvement efforts to bring about school change has irrevocably changed the role expectations for the school leader The school leader in the 21st century is increasingly perceived as an instructional leader expected to implement whole school reform models that can shape teacher practice and influence student outcomes The significant changes in role expectations for school leaders present considerable challenges to an educational system that was not designed to incorporate these conceptualizations In light of the increased acceptance of changed leadership expectations the elements that are needed for developing supporting and sustaining instructional leaders who can lead systemic change efforts are frequently not present are fragmented or are observed at various developmental stages throughout the PK-20 pipeline This book is centered on the learning and changed behaviors of school leaders who engaged in a sustained job embedded professional learning community facilitated through a university district partnership The learning from the findings suggested that job embedded learning with their peers can be instrumental for these principals to build the capacity to lead systemic change efforts The findings further suggested that creating conditions for new understanding to occur and sustained opportunities to apply new learning in context to their role entailed a collaborative effort by a partnership involving two separate institutions with different priorities The author makes a case for the educational pipeline to prioritize the support and understanding of complex systemic change efforts and innovations as they are linked to school improvement

Literacy Essentials Regie Routman, 2023-10-10 In her practical and inspirational book *Literacy Essentials Engagement Excellence and Equity for All Learners* author Regie Routman guides K-12 teachers to create

a trusting intellectual and equitable classroom culture that allows all learners to thrive as self directed readers writers thinkers and responsible citizens Over the course of three sections Routman provides numerous Take Action ideas for implementing authentic and responsive teaching assessing and learning This book poses a key question How do we rise to the challenge of providing an engaging excellent equitable education for all learners including those from high poverty and underserved schools Teaching for Engagement Many high performing schools are characterized by a a thriving school culture built on a network of authentic communication Teachers can strengthen classroom engagement by building a trusting and welcoming environment where all students can have a safe and collaborative space to grow and develop Pursuing Excellence Routman identifies 10 key factors that describe an excellent teacher ranging from intellectual curiosity to creativity and explains how carrying yourself as a role model contributes to an inclusive caring empathic and fair classroom She also stresses the importance for school leaders to make job embedded professional development a top priority Dismantling Unequal Education The huge gap in the quality of education in high vs low income communities is the civil rights issue of the 21st century according to Routman She spells out specific actions educators can take to create more equitable schools and classrooms such as diversifying texts used in curriculums and ensuring all students have access to opportunities to discuss reflect and engage with important ideas From the author I wrote Literacy Essentials because I saw a need to simplify teaching raise expectations and make expert teaching possible for all of us I saw a need to emphasize how a school culture of kindness trust respect and curiosity is essential to any lasting achievement I saw a need to demonstrate and discuss how and why the beliefs actions knowledge we hold determine the potential for many of our students Equal opportunity to learn depends on a culture of engagement and equity which under lies a relentless pursuit of excellence
