The Rise and Fall of ISIS Willem Th. Oosterveld,Willem Bloem,Nicholas Farnham,Barin Kayaoğlu,Tim Sweijs,2017-02-20 Appearing seemingly out of nowhere over the course of 2013 14 the Islamic State or Daesh captured the attention of international audiences through widely broadcast acts of barbarity followed by the proclamation of its own state and upending state borders in the process The rise of the terror organization has prompted many questions where did it originate from How has it been able to establish itself so quickly Can it actually persist Can it be defeated The aim of this year s study entitled The Rise and Fall of ISIS from Evitability to Inevitability is to understand the organization its motivations its inherent weaknesses as well as its ability to endure A broader aim is to set out how it could develop as it comes under ever more pressure by regional powers and in the case of its defeat how to prevent the arrival of the next ISIS A key message of this chapter is that ISIS is a child of its time and is not destined to persist Its professed millenarian or eschatological bent is meant to cast the conflict between the Caliphate and the rest of the world as a cosmic battle but in reality is largely of instrumental value Also while its rise could have been prevented its fall looks all but inevitable even if it remains unclear what will replace it This study is part of the 2016 2017 HCSS StratMon **The Homegrown Jihadi Terrorist** U. S. Military,Department of Defense (Dod),Marcelle Burrone,2018-11-05 As this study establishes the influence of

Islamist extremists has expanded into the United States The terrorist organization known as the Islamic State in Iraq and Syria ISIS has attracted many U S citizens to support its radical perspective of Islam The ultimate goal of ISIS is to rule the Muslim world Although establishing a caliphate or unleashing holy war on U S soil is clearly not in ISIS s immediate plans its current goal is to recruit as many American supporters as possible Since ISIS s declaration of its caliphate American citizens have supported ISIS by attempting to become foreign fighters soliciting jihadist material online or plotting attacks in the United States Homegrown jihadi terrorist ideology thus poses a threat due to its inherently violent Islamic extremism This threat needs to be defeated by a comprehensive approach that ensures the safety and security of the United States The threat of terrorism born of radicalization is a critical issue that challenges the world today and homegrown Islamic terrorists who become foreign fighters pose a substantial threat to our national security The conflict in Syria and Iraq has attracted Western extremists eager to wage battle and violence against the United States Although their number is minimal compared to the number of European Islamic State of Iraq and al Sham ISIS recruits they remain a security concern that the government must resolve Some theorists argue that the domestic terrorist threat is not a significant issue and that it arises due only the public s fear of a perceived albeit exaggerated risk that underscores the problem However others see the threat as real and agree with terrorism experts such as Will McCants Peter Bergen and Bruce Hoffman that radicalization and recruitment of ISIS supporters in the United States are on the rise and that attacks are becoming concurrently more complicated to prevent due to the diversification and evolution of the threat This thesis looks at the increase in the number of U S homegrown ISIS inspired terrorists from 2014 to 2017 Estimates indicate that more than 250 Americans became foreign fighters in that period Furthermore over 161 have been arrested and convicted of being ISIS supporters and currently there are approximately 900 active investigations of individuals that may be ISIS supporters in the United States This thesis reviews research using court records and open source information to analyze ISIS radicalization and recruitment in the United States It endeavors to explain the possible patterns of who supports ISIS pledges an oath to it and why
