men tell us a great deal about the history of women In *Heartthrobs* Carol Dyhouse draws upon literature cinema and popular romance to show how the changing cultural and economic position of women has shaped their dreams about men When girls were supposed to be shrinking violets passionate females risked being seen as unbridled or dangerously out of control Change came slowly and young women remained trapped in a double bind you may have needed a husband in order to survive but you had to avoid looking like a gold digger Show attraction too openly and you might be judged fast and undesirable Education and wage earning brought independence and a widening of horizons for women These new economic beings showed a sustained appetite for novel reading cinema going and the dancehall They sighed over Rudolph Valentino s screen performances as tango dancer or Arab tribesman and desert lover Women may have been ridiculed for these obsessions but as consumers they had new clout This book reveals changing patterns of desire and looks at men through the eyes of women

Reconstructing Modernism Ashley Maher,2020-03-12 *Reconstructing Modernism* establishes for the first time the centrality of modernist buildings and architectural periodicals to British mid century literature Drawing upon a wealth of previously unexplored architectural criticism by British authors this book reveals how arguments about architecture led to innovations in literature as well as to redesigns in the concept of modernism itself While the city has long been a focus of literary modernist studies architectural modernism has never had its due Scholars usually characterize architectural modernism as a parallel modernism or even an incompatible modernism to literature Giving special attention to dystopian classics *Brave New World* and *Nineteen Eighty Four* this study argues that sustained attention to modern architecture shaped mid century authors political and aesthetic commitments After many writers deemed modernist architects to be agents for communism and other collectivist movements they squared themselves and literary modernist detachment and aesthetic autonomy against the seemingly tyrannical utopianism of modern architecture literary aesthetic qualities were reclaimed as political qualities In this way *Reconstructing Modernism* redraws the boundaries of literary modernist studies rather than simply adding to its canon it argues that the responsibility for defining literary modernism for the mid century public was shared by an incredible variety of authors Edwardians modernists satirists and even anti modernists

Chaucer and Trauma Susanna Fein,David Raybin,2025-05-13 Trauma is an inescapable condition of Chaucer s works From the ravaging of Troy and the abandonment of Dido to the devastating aftereffects of sexual assault Chaucer portrayed the most unsettling searing aspects of human experience While the term trauma was not part of Chaucer s vocabulary the author was assuredly aware of its causes and consequences its victims and symptoms This timely volume explores depictions of violence victimhood and overwhelming grief or loss in Chaucer s most ambitious texts *Troilus and Criseyde* and the *Canterbury Tales* The authors examine layers of deep emotional suffering in Chaucer s works as well as those forces that perpetrate injustices against human beings The essays scrutinize Chaucer s narratives through close textual analysis and modern theoretical approaches offering original perspectives and treating subjects relevant to contemporary
