Balcazar,2025-08-05 Hector G Balcazar s first book No Wonder The Art of Creating a New World started a new dialogue for building a more hopeful future in which humanity cares for one another s wellbeing using the Community Health Worker model In that first book which took the form of a memoir the author uses his work in public health to present his vision to build communities utilizing a bridge of human connection Utilizing a storytelling approach Erasing Historical Invisibility Creating a Compassionate World further elevates the concept of humanity caring for one another and building a more hopeful future With themes such as erasing historical invisibility and creating a compassionate world the author examines the story of our past and presents a positive framework for the future With Erasing Historical Invisibility the author takes a historical perspective as to why humanity has not yet advanced to increase the human spirit He suggests humanity has utilized an old recipe which distracts the collective maturity from evolving The reader is invited to learn about the old recipe the role of human invisibility and what new recipes are needed In Erasing Historical Invisibility the author describes humanity as a conqueror species and how humanity evolved to create human invisibility Using the Roman Empire Mexico and the United States as examples the author presents the need for dismantling the old recipe Showcasing themes such as re examining our human collective experience moving towards regional and community life and the concept of antidotes to build new model frameworks for creating a collective maturity and a safe world **Encyclopedia of Christianity in the Global South** Mark A. Lamport,2018-06-01 Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the majority of the world s Christians are now nonwhite and non Western The Encyclopedia of Christianity in the Global South traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions The volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide The New Encyclopaedia Britannica ,2003 **Britannica Book of the Year** Encyclopaedia Britannica, inc,2005 Spine title 2005 Britannica book of the year events of 2004 The Gender Binary Is a Big Lie Lee Wind,2024-08-06 What if you discovered that the whole concept of a gender binary is an illusion While many people identify as men or women that is not all there is The idea that all humans fall into one of two gender categories is largely a construct created by those who benefit from that belief The reality is that gender is naturally diverse falling inside and outside of those

boxes and more expansive ideas of gender have always existed In the second book of the Queer History Project *The Gender Binary Is a Big Lie* Infinite Identities around the World author Lee Wind uses historical evidence and primary sources poetry ancient burial sites firsthand accounts and news stories to explore gender roles and identities Gender identities and physical bodies are as diverse as the human experience Get ready to shatter those preconceived notions of nothing but a gender binary and dive deep into expressions of gender both past and present that reveal the infinite variety and beauty of everyone's gender

Hurting Kids Michelle Mary Lelwica, 2024-08-01 *Hurting Kids* explores religion's impact on Americans' beliefs about justice and on teenagers who get in trouble with the law Why do many of us assume that punishment is an appropriate moral response to crime How have diverging Christian narratives about divine punishment and God's mercy supported different responses to juvenile wrongdoing What do these competing notions of justice imply for youth offenders today nearly all of whom have been violated by the unjust and traumatic circumstances of their lives Weaving together research on the juvenile justice system theological analysis self-examination of white privilege and the stories and perspectives of incarcerated youth *Hurting Kids* asks us to understand and care about the complicated humanity of a population of teenagers who are often deemed not only delinquent but dispensable Sharing snippets of her conversations with incarcerated youth Lelwica demonstrates that whatever harm these kids have inflicted on others is rooted in the painful experiences they have survived experiences that are shaped by systemic injustices that benefit people with privilege Ultimately *Hurting Kids* challenges common assumptions about guilt and innocence while advocating for a kind of justice for youth that promotes equity compassion accountability and healing for all
