Consumer Protection, Automated Shopping Platforms and EU Law Christiana Markou, 2019-09-10 This book looks at two technological advancements in the area of e commerce which dramatically seem to change the way consumers shop online In particular they automate certain crucial tasks inherent in the shopping activity thereby relieving consumers of having to perform them These are shopping agents or comparison tools and automated marketplaces It scrutinizes their underlying processes and the way they serve the consumer thereby highlighting risks and issues associated with their use The ultimate aim is to ascertain whether the current EU regulatory framework relating to consumer protection e commerce data protection and security adequately addresses the relevant risks and issues thus affording a safe shopping environment to the e consumer

Regulation of Debt Collection in Europe Cătălin Gabriel Stănescu, 2022-11-25 Due to the absence of due process and other procedural guarantees generally offered by judicial enforcement informal debt collection practices IDCs can become abusive harming both consumers and the economy by threatening consumers physical psychological and economic wellbeing exposing lawabiding debt collectors to unfair competition undermining the financial system and negatively impacting social peace by resorting to criminal activity The need to control and harmonize IDCs surfaced in connection with the European Commission's Action Plan to tackle the high level of non performing loans caused by the financial crisis and the Covid 19 pandemic specifically the Proposal for a Directive on Credit Servicers Credit Purchasers and the Recovery of Collateral CSD Harmonizing the regulation of abusive IDCs is vital for several reasons First IDCs have a cross border dimension due to the freedom of movement enabling debt collection operations across the internal market Second the internal market's size amounts to over 450 million citizens potentially exposed to abusive IDCs The regulatory frameworks addressing IDCs in the E U display divergent characteristics that may be difficult to navigate and require creating a level playing field for consumers and debt collectors especially when approaches vary at Member State level This book addresses this gap by providing a comprehensive guide to regulating informal debt collection practices in eight Member States of the E U and the United Kingdom U K It serves as a comparative law instrument for implementing the recently adopted CSD It will be

important reading for students academics and stakeholders with an interest in debt collection practices and the law

Green Criminology Bill McClanahan, Avi Brisman, 2021-04-28 In the past three decades a stream of criminological inquiry has emerged which explores measures and theorizes crimes and harms to the environment at the micro mezzo and macro levels This green criminology as it has come to be known has widened the criminological gaze to consider crimes and harms committed against air land from forests to wetlands nonhuman animals and water in local regional national and international areas or arenas Accordingly green criminology has endeavored to understand the causes and consequences of air and water pollution biodiversity loss climate change corporate environmental crime e g illegal waste disposal food production and distribution resource extraction and exploitation and wildlife trade and trafficking while also exploring potential responses to these issues This book seeks to introduce the green criminological perspective to a broader social science audience Recognizing that green criminology is not the first social science to explore the phenomena and harms at the intersections of humanity and ecology this book offers an introduction to some of the unique insights developed over nearly 30 years of green criminological thought and scholarship to students professors researchers and practitioners working in the fields of anthropology economics environmental humanities environmental sociology geography history and political ecology This book contains contributions from researchers in green criminology from around the world including early and mid career scholars as well as more established voices in the field all of whom are dedicated to exposing understanding and ultimately hoping to thwart further environmental degradation and despoliation
