Marketing Built by Love Daniel Bussius, 2023-09-26. A revolutionary approach to marketing based on neuroscience and psychology that will transform your business forever. Mention the word marketing and every executive cringes. For decades we've been told that marketing success is hidden behind secret strategies, hacks, and platforms promising incredible results. Whether you're a small business owner, marketer, or executive, this book will teach you how to mimic the human experience to cultivate customer loyalty. The four vital components every foundational marketing plan needs: how to align your marketing with the five science-based stages of human relationships; how to implement these strategies in a proven marketing framework. *Marketing Built by Love* will reshape the way you think about marketing and how you communicate with your customers, giving you the framework and strategies you need to create repeatable, consistent marketing success today, tomorrow, and decades into the future.
