Marcel A. Müller

Book Commandos 1940 1946 Charles Messenger:

The Commandos Charles Messenger, 1985 Under 2 Verdenskrig opstillede Storbritannien en række uafhængige kommandoenheder der benævntes The Commandos Disse kommandoenheder var specialister i ukonventionel krigsførelse og blev indsat på alle fronter under 2 Verdenskrig ofte forud for større samlede allierede operationer men de kæmpede også på egen hånd f.eks. med sabotage og lign. I bogen beskrives disse enheders indsats under krigen **Professional Journal of the United States Army**, 1987 *Quarterly Review of Military Literature*, 1987 **Military Review**, 1987-07 *Review of Current Military Literature*, 1987 When Shall Their Glory Fade? James Dunning, 2011-04-11 Written by a Commando veteran of World War II this is a remarkable vivid and honest account of the battles and actions behind the award of the thirty eight Battle Honours that were awarded to the Army Commandos by Her Majesty the Queen in 1958 These Battle Honours are emblazoned on the Commando Flag that hangs in Westminster Abbey in London almost opposite the tomb of the Unknown Warrior The story of each honour is presented in the most direct way using the stories and experiences of the commandos officers and men who actually took part in the fighting It should be emphasised that the operations mentioned as battle honours recognised only those deemed to be thoroughly outstanding feats of arms and represent only a fraction of the raids and battles fought by the Commandos in their five years of active service The formation of the Commandos was due to Winston Churchill who proposed their formation in a directive dated 18 June 1940 which advocated limited offensive action against the enemy's extended and vulnerable coastline This compilation includes photographs of training and combat in Norway Dieppe Normandy Flushing and many more locations *The Army Quarterly and Defence Journal*, 1986 **The Commandos** Charles Messenger, 1991 **44 (R.M.) Commando** Tony Mackenzie, 1996 A Diary of the Commando at War August 1943 to March 1947 British Book News British Council, 1985 **British Commando 1940-45** Angus Konstam, 2016-11-17 With Hitler's army rampaging across Europe Winston Churchill ordered the creation of a special fighting force the Commandos These valiant men were volunteers drawn from the ranks of the British Army formed into a Special Service Brigade and put through a rigorous but highly effective training programme Over the course of World War II they would see action in every major theatre of operation and are credited with numerous feats of gallantry during the D Day landings Although many units were disbanded after the war the Royal Marine Commandos have maintained the standards of this elite fighting formation to the present day Angus Konstam explores the history of the Commandos during their formative years providing detailed descriptions of their training weapons and equipment Battle reports are accompanied by specially commissioned Osprey artwork and historical photographs offering readers an in depth analysis of some of the most famous fighting units in the British Army's history *Ten Commando, 1942-1945* Ian Dear, 1987 Ten commando var under 2 verdenskrig en interallieret enhed sammensat af polske belgiske og norske soldater I bogen beskrives opstilling af enheder og deres anvendelse og aktioner **Commando Subaltern at War** William G. Jenkins, 1996 The story of the Royal Marine

Commando operations in Yugoslavia and Italy between 1944 and 1945 based on the author's own experiences with the 43rd unit. Recounts the raids against German and Italian garrisons carried out on the Dalmatian islands and in Italy the offensive at Lake Comacchio and Argenta.

Churchill's Guests Robert W. Allen, 2003-03-30 When the Belgian exiles arrived in 1940 the British considered them and especially their leaders to be unhelpful ingrates. Individual exiles soon made firm friends but it would take longer for the exile government to improve its public image. This study provides a comprehensive look at a wartime partnership from the perspective of the junior partner detailing the evolution of relations from awkward tolerance in 1940 to full teamwork that lasted from 1942 through 1945. Typical accounts of the Second World War concentrate on the economic exploits and resources of the Big Three while glossing over the role of other nations. Allen presents a truer picture of the Allied war effort as a cooperative coalition that depended on more than just America. Britain and Russia. British respect was partially earned through the strong economic power of Belgium's large gold reserve and the varied resources of the huge Belgian Congo. Differences with the British occurred over the control of links to the Resistance, food relief to Belgium and propaganda. The Belgian experience has enough in common with other large exile groups to provide readers a reasonable grasp of the overall contribution to British life and the war effort by the exiles as a group. The personal bonds and patterns of cooperation forged in wartime London would help create vital postwar military and economic organizations.

A Subject Bibliography of the Second World War, and Aftermath A. G. S. Enser, 1990 Books published in various countries in the English language arranged alphabetically by subject. Lists 25 entries under Holocaust pp 120-122 and 76 under Jews pp 141-146.

The Other Desert War John W. Gordon, 1987-02-17 Gordon's book reveals an impressive mastery of the archival and secondary sources available on the subject. His writing is crisp and interesting yet sober and scholarly at the same time. The daring and resourceful men of the British desert forces have found a historian whose ability to tell their story matches their ability to create some of the most daring and imaginative operations of World War II. This is an extraordinary book about extraordinary soldiers.

Normandy 1944 Richard Doherty, 2004 The greatest military operation in history the invasion of France on June 6 1944 has become immortalized as D Day or The Longest Day. This massive land sea and air operation led to an 11 month campaign that concluded with the surrender of Hitler's Germany in May 1945. But nothing that came after D Day equaled the achievement of that day in terms of planning preparation and logistics. It was an achievement that only four years before might have seemed like a flight of fancy. Normandy 1944 looks at the planning and preparation for the invasion the launching of the greatest military operation of all time and the campaign that followed in the summer of 1944 until the Allied armies closed the Falaise Gap and the Germans began their retreat from France. The book looks at the personalities involved the innovations employed and the experiences of those who fought in Normandy.
