Book Winter Coming Vladimir Enemies Stopped:

Russia Against the Rest Richard Sakwa, 2017-10-12 In this book Richard Sakwa provides a new analysis of the end of the Cold War and the subsequent failure to create a comprehensive and inclusive peace order in Europe. The end of the Cold War did not create a sustainable peace system. Instead for a quarter of a century a cold peace reflected the tension between cooperative and competitive behaviour. None of the fundamental problems of European security were resolved and tensions accumulated. In 2014 the crisis exploded in the form of conflict in Ukraine provoking what some call a new Cold War. Russia against the Rest challenges the view that this is a replay of the old conflict explaining how the tensions between Russia and the Atlantic community reflect a global realignment of the international system. Sakwa provides a balanced and carefully researched analysis of the trajectory of European and global politics since the late 1980s.

Writing Russia Melissa-Ellen Dowling, 2021-07-18 Writing Russia offers the first systematic analysis of Anglophone national histories of Russia. By deconstructing preeminent historical works on the history of Russia this book provides insight into the hidden ideological underpinnings of the texts and their representations of Russia in the West. It demonstrates that historians employ a range of literary techniques to smooth over contradictions in their narratives of Russia generating a seemingly cohesive depiction of Russia as a liminal Other nation. This is a process that this book theorises as *discordus* representing an original conceptual framework for examining national history texts. It identifies patterns in the language and emplotment of Anglophone Russian histories across several defining historical epochs from the Mongol conquests to the Putin presidency revealing the extent to which historians wield the narrative power to make or break nations. Postmodern in approach the work pushes the boundaries of historiography and calls into question the nature of history.

Russia Rising Mark Hitchcock, 2017-09-05 Russia again is on the move. The news headlines proclaim it. Georgia was first. Then Ukraine and the invasion of Crimea. Meddling in the elections of the United States followed. For the fourth straight year Forbes has ranked Vladimir Putin as the world's most powerful person even above the president of the United States. Like it or not the world has descended into a new Putin-led Cold War 2.0. As the storm clouds gather America sleeps. Russian's hand in Syria and its closer ties to Iran are especially alarming to those who know Bible prophecy and the book of Ezekiel. Putin is poised right now on Israel's northern border an ominous sign of our times. What does the Bible say about our troubling times? In *Russia Rising* Mark Hitchcock, popular speaker and Bible prophecy expert, explores the history of Russia and its current military moves. He will explain the biblical prophecies related to Russia, the Middle East and the end times. The tracks of the Russian bear lead to the Middle East and Israel. Are we on a collision course with Russia?

Winter Is Coming Garry Kasparov, 2015-10-27 The stunning story of Russia's slide back into a dictatorship and how the West is now paying the price for allowing it to happen. The ascension of Vladimir Putin, a former lieutenant colonel of the KGB to the presidency of Russia in 1999 was a strong signal that the country was headed away from democracy. Yet in the intervening years as America and the world's other leading powers have

continued to appease him Putin has grown not only into a dictator but an international threat With his vast resources and nuclear arsenal Putin is at the center of a worldwide assault on political liberty and the modern world order For Garry Kasparov none of this is news He has been a vocal critic of Putin for over a decade even leading the pro democracy opposition to him in the farcical 2008 presidential election Yet years of seeing his Cassandra like prophecies about Putin s intentions fulfilled have left Kasparov with a darker truth Putin s Russia like ISIS or Al Qaeda defines itself in opposition to the free countries of the world As Putin has grown ever more powerful the threat he poses has grown from local to regional and finally to global In this urgent book Kasparov shows that the collapse of the Soviet Union was not an endpoint only a change of seasons as the Cold War melted into a new spring But now after years of complacency and poor judgment winter is once again upon us Argued with the force of Kasparov s world class intelligence conviction and hopes for his home country Winter Is Coming reveals Putin for what he is an existential danger hiding in plain sight [The Final Struggle](#) Sof'i[a]
